**Time management
is self-management**

Significance of time in our lives

Learning facilitated through exhilarating School Assemblies

School Assemblies are an integral part of the school curriculum. The topics given this year were broadly based on Franklin Covey's "The Leader in Me". These topics essentially talk about all the important aspects such as Determining goals, Perseverance, Confidence, Sticking to ones deadlines, Manners, Productivity, Planning, Being Proactive, and Prioritizing. Along with this, Declamation by famous leaders like Mahatma Gandhi, Subhash Chandra Bose, Abraham Lincoln, Martin Luther King and many others are showcased so that they contribute to be a valuable learning for our students. These assemblies play a vital role in contributing to the growth and development of the students. Regular assemblies are a part and parcel of every JHpian.

Each and every student is given an opportunity to participate and showcase their talents and in turn learn to become a leader of tomorrow.

From the Editors' Desk...

"This is the key to time management- to see the value of every moment"

- Menachem Mendel Schneerson

It gives us immeasurable pleasure to bring to you the Nineteenth issue of the Hillside News which will surely unravel the unforgettable and most precious moments of the school.

The theme for this issue is 'Time management is Self-management'. Today, a student's life encompasses both academic as well as co-curricular activities. All these activities are very important, and we need to bring in a balance of these in our lives.

We have compiled this issue to bring about awareness on the positive effects of time management. We have put in our heart and soul to meticulously prepare the best content for the readers. We sincerely hope that as you flip through these pages, you can become more aware about this topic and be proud of our school's achievements.

We wish you all the best and hope that this issue will grab your undivided attention along with helping you cultivate the habit of effective time management.

Enjoy this journey of reading!

TIME IS PRECIOUS

"Time is really the only capital that any human has and the only thing he can't afford to lose"- Albert Einstein

Time is available everywhere for everyone and keeps on ticking without any 'Rewind' or 'Replay' button. It is for us how to spend it - lazily or effectively. From morning to evening, most of us spend time for material, spiritual and for obligation reasons and very less for personal excellence.

Sometimes we are so busy attending day-to-day mundane problems without delegating and waste our valuable time, which could have been better used elsewhere. Unless one sets his own plan & priorities there cannot be efficient use of time. Proper Time Management reduces your stress, clears confusion and gives you a direction to your goal.

Let us have a re-look at the time available in our lifetime. Every birthday reminds us we are getting short of time. So, let us spend the available time to realise our purpose of existence on this eternal earth.

A. Murali Mukund
Chairman
Jubilee Hills Public School

PRINCIPAL'S MESSAGE

Time Management is the challenge to manage ourselves.

Education in its purest form is perhaps an eternal quest for perfection. The ultimate aim of every educational endeavour is to stimulate the human mind towards conquering newer dimensions of thinking and learning. Today when the school is in its thirty third year of a successful academic pursuit, having achieved equal excellence in many other areas that complement a child's full growth, I thank one and all for being an important part of this worthwhile journey.

Each one of us has dreams, dreams to make it big! Dreams need plans, plans to become reality. Manage your time effectively by setting your priorities to achieve your goal. To succeed in life, you need to manage yourself well by being self-disciplined, by using your time wisely, by being realistic and by planning long term solutions.

Let us make each year a better year in the lives of each of us, through work, through service and by being a positive influence in each other's lives.

**M. Varalakshmi
Principal
Jubilee Hills Public School**

ACADEMIC DIRECTOR'S MESSAGE

Take care of the minutes and the hours will take care of themselves.-Lord Chesterfield

Time is the only thing in our life that we cannot hold on to. We cannot ask it to slow down or go fast. It is its own master and listens to no one. It brings the same opportunities to everyone but only the person who can respect it will benefit from it. A millisecond delay can cost us a life time of opportunity.

Carl Sandberg says, "Time is the most valuable coin in your life. You and you alone will determine how that coin will be spent. Be careful that you do not let other people spend it for you."

Many of us look at the day looming ahead of us and feel overwhelmed at the tasks awaiting us, yet we don't get set and work. When we turn back at the end of the day we realize that we had wasted most of the time misusing time. Just as little drops of water make the mighty ocean, miniscule minutes make up the hours and the days.

Children, all of us sleep with beautiful resolutions to utilize time to the utmost but when we wake up all our inclinations fly out of the window. We allow time stealers like the phone, Television, Computer, friends etc. to lure us from our work. We have the habit of procrastination but if we reverse this habit and postpone our enjoyment instead and complete our work, success will invariably be ours. Cultivate the habit of self-discipline and self-control which will in turn give you more time.

Time is a gift, use it wisely.

"If you want to be more productive, you need to become master of your minutes." - **Crystal Paine.**

**G. Sree Devi
Academic Director
Jubilee Hills Public School**

TIME MANAGEMENT IS SELF-MANAGEMENT

Significance of time in our lives

‘Productivity is never an accident. It is always the result of a commitment to excellence, intelligent planning and focused effort’.

-Paul J Meyer

Time management is a practise of self-discipline required in every individual. Being productive is essential for an all-round development of a person. Learning opportunities are available in plenty, for those who have time for it. Various skills can be sharpened only if one has the time to engage and learn. Learning never stops neither does development. Getting done with work on time will not only reduce stress but also give utmost satisfaction and the ability to produce the best outputs.

Whether a materialistic value is assigned to time or not, it is valuable to us. Time is limited and no matter how one slices it, there are always 24 hours in a day. The future of a person depends on how he/she utilizes his/her time. Amongst peers, there are individuals who struggle to keep up

due to lack of time management as well as others who put out the best due to proper time management efforts. So, if one succeeds in life it is due to the importance of time management. Learn to take control of time and gain efficiency in work to hone your skills. A focused mind drives to the right direction and prepares for future endeavours.

“A well organised life finds time for everything”

Lost time never comes back. Procrastination defeats the purpose of hard work. Hard work does not give optimum benefit unless it is done smartly. Delaying work may give momentary freedom but it causes the heaviest of damages in the long run. It is only when one

loses something, that one realises its importance. Instead of repenting after losing opportunities, plan the tasks properly for a better move. Life is the best teacher and one of the most important lessons it teaches us is time management. Time is incredibly valuable; it is the time factor that decides our path in life. If one desires to grow and learn then time must be valued and respected.

Imbibing values and learning from mistakes is what creates the difference. Even if there is a phase where one is unable to manage time properly, it's okay. It is never too late. Plan a schedule and schedule the priorities. If one is dedicated there is nothing that can stop one from reaching one's goal.

Every decision is crucial, no matter how minute it is. Give a thought before start doing something. Is this the right time to do this? Am I delaying something important? Will this be beneficial for me or will it cause a problem? You are the master of your own fate. Good luck!

How time management shapes us

‘The key is not to prioritize what’s on schedule, but to schedule your priorities’

– Stephen Covey

A character defines a person, not just his/her achievements. Values and self-discipline guide a person towards success. Imbibing good thoughts and positive energy from others is a must. Time management creates discipline in one's life and

helps gain experience in tasks. Punctuality is a habit that must be inculcated in everyone's life. It is appreciated by everyone and makes tasks easier and hassle free.

As students if time management is given more importance, it will be extremely beneficial in the future. Habits picked up during the early years of life stay forever. Time management is important both in personal and work life. If one respects time, hard work will pay pack generously. Future depends on what you do today, not tomorrow. If such important values are realized today, you will thank yourself tomorrow.

People who showcased exemplary time management and achieved their goals

Dr. Abdul Kalam: Leader of innovations that ignited minds

Dr. A. P. J. Abdul Kalam, an Indian scientist and the 11th President of India from 2002 to 2007, has

faced insurmountable odds in his path to becoming the leader of a Nation. Dr. Abdul Kalam hails from a poor family and started working at an early age to supplement his family's income by distributing newspaper before school. Dr. Kalam joined Aeronautical Development Establishment of Defence Research and Development Organization (DRDO) as a scientist and went on to head the organization. Dr. Kalam realised the value of time management, and that was the key which opened doors to his blooming path of success.

Ratan Tata- A Pioneer in industrial excellence

Ratan Tata is one of the leading Indian industrialists in India. Brought up by his grandmother from the age of ten, he became actively involved in the family business after completing his graduation. He started as a fellow worker on the shop floor at Tata Steel and gained an insight about his family business. After the retirement of J.R.D. Tata, he became the new Chairman of the Tata Group. Under his leadership, the organization achieved new heights and generated large amount of overseas revenues. He is also a leading philanthropist and more than half of his share in the group is invested in charitable trusts. Through his pioneering ideas and positive outlook, he continues to serve as a guiding force for his conglomerate even after retirement. His effective time management proves how it is possible to achieve your dreams.

Mahendra Singh Dhoni: Sportsmanship that unites the Nation

Mahendra Singh Dhoni, one of the greatest cricketers from India. Dhoni hails from a middle class family. Dhoni worked as a Railways Ticket Examiner during the years 2000 to 2003 and was selected for the Indian Cricket Team in the year 2004. Today Mahendra Singh Dhoni has achieved exemplary heights of success. Time management was the key that shaped his life.

Amitabh Bachchan: An actor in a million

"In the year 2000, when the entire world was celebrating the new century, I was celebrating my disastrous fortune. There were no films, no money, no company, a million legal cases against me and the tax authorities had put a notice of recovery on my home," – This quote by Amitabh Bachchan at the turn of the century gives an insight into the adversities faced by Amitabh Bachchan while he was in his late fifties.

Amitabh's friends and financial advisors advised him to close his company "The Amitabh Bachchan Corporation Limited" and move on; but, Amitabh didn't quit and kept going. Amitabh also started doing commercials and television programs. It was at this time that he got a huge break through Kaun Banega Crorepati; it propelled him into national stardom and helped in the reversal of his fortunes. This shows that perseverance and time play a huge role in shaping the career of many.

Narayana Murthy: An inspiration that stands exemplary

Narayana Murthy, who is described as the father of the Indian IT Sector and listed by Fortune Magazine among the 12 greatest entrepreneurs of our time, was not always successful with his ventures. Narayana Murthy's first venture, a company named Softronics, failed in about a year and a half after its start. After the failure of

his first venture, Narayana Murthy joined Patni Computer Systems and worked there for about five years. He then founded Infosys in 1981 along with six software professionals and a meagre capital provided by his wife Sudha Murthy. His hard work, passion and ability to manage time effectively were the base for the success of his company.

Role of school life in time management

'Either run the day, or the day runs you'

-Jim Rohn

School life is a memorable part of a person's life. It influences your thoughts and decisions. In our school, our daily habits help us understand time management. Every morning the day starts with an assembly. The assembly is a great platform to showcase the talents about various topics and learn new things. Regularly attending the assembly makes the students alert and creates a craving for more knowledge.

At JHPS, the value of time management is introduced at a primary level to make the students face the challenging world. The school conducts workshops for the students regularly. Attending all the classes and completing the homework on time is encouraged by the teachers. The teachers are always ready to lend a helping hand to the students and guide them. Maintaining a schedule for studying and completing tasks is advised. Schedules help sort out work and avoid cluttering of load.

Studying throughout the year while having a fair share of fun ensures that the students excel in all the fields they enter. Completing tasks daily ensures that there are no hurdles left behind that you might have to come across later. A healthy attitude towards completing tasks ensures success.

"Learn to make time and everything else will follow."

AWARDS OF EXCELLENCE

A New Feather in our Cap

The school has once again proved that they are the leaders in Education by bagging the **“Green Initiative Award”** 2018, by Asia’s premier magazine, Digital Learning.

The award ceremony was organized at New Delhi on 10th August, 2018 and the award was given on the basis of a detailed assessment of environment friendly practices adapted by the school such as 100 KWP solar power which reduced the electricity bill, rainwater harvesting, proportion of green area in school, waste management and sanitation practices.

Jubilee Hills Public School Selected Amongst the 1000 Best schools in India

Education World is India’s first education-focused magazine. It is a fast growing media and publishing company promoted with the objective of informing people about the subject of education.

The parameters on which the Best Schools were ranked were teacher welfare and development, competency of faculty, academic reputation, co-curricular education, sports education, life skills education and conflict management, individual attention to students, leadership/management quality, parental involvement, infrastructure provision, internationalism, special needs education, value for money, and community service. The school is ranked in the top 13th in the state of Telangana and 85th in India.

Teaching Excellence Award

Jubilee Hills Public School has proved itself to be the leader in Education once again when Ms. G. Sree Devi, the Academic Director received the “Teaching Excellence Award” as a “Star Educator for Special Contribution in School Education” by The Progressive Teacher Magazine on 1st September, 2018 at New Delhi.

Education had been teacher centric earlier where the teacher taught what she wanted. Now the world has changed, the student has become the apex of the triangle, while the teacher and the parent have become the vertices who work together for the betterment of the child. The teacher has become more of a facilitator who guides, motivates and hand holds the student and leads him to success. Jubilee Hills Public School has been moving ahead with times, continuously and tirelessly working to improve the pedagogy and how it is delivered.

On behalf of the management and the teaching fraternity we congratulate her and wish all the best for her future endeavours.

AWARD WINNERS

The Managing Committee has been benevolent in awarding the students and appreciating their hard work. Students have shown their excellence in fields of academics and cultural activities and sports. After a series of selection processes students of Class X are selected for the Best All Rounder Student award, the Best Girl Student Award, the Best Boy Student Award and the Best Sports Student Award. A Scholarship of Rs.10,000 was awarded to a student for pursuing higher studies.

WE FLY HIGH TO TOUCH THE SKY; INFRASTRUCTURAL FLIGHT

The school infrastructure has been designed with exceptional facilities to ensure that the students are groomed well to meet the challenges.

Solar Power: Solar panels are installed on the terrace of the school not just to save money but to make the students aware of the huge environmental challenges that we are facing and at the same time combating greenhouse gas emissions and global warming. With the solar power, students are able to understand how sunlight is converted to electricity and how non-renewable resources can be conserved. Solar lights were installed in the playground. An amount of 70 lakhs was spent for the installation and reduced the electricity bill to 50%.

Rain Water Harvesting Pit: The school has set up a rainwater harvesting plant in its premises to fight water woes and to sensitize its students on issues relating to environmental degradation. The water gets accumulated and supplied to the bore well using a pipeline.

SWACHH WASHROOMS A NEW STEP TOWARDS DEVELOPMENT

With renewed focus on student's health and hygiene, the latest washrooms were constructed with international standards. A total amount of 75 Lakhs was spent to provide students with modern washroom facilities, keeping the students health as priority.

Second floor - Boys

Second floor - Girls

Third floor - Boys

Third floor - Girls

Health and hygiene has always taken precedence at Jubilee Hills Public School. As there were many issues with the old washrooms, the management had taken a decision to remodel them. The remodeled and newly built washrooms are of International Standards built keeping in mind the hygiene of students. A lot of thought process has gone in designing these aesthetically beautiful washrooms. An amount of Rs.75lakh has been spent on procuring even the smallest of details. Utmost care is taken by the sub staff in maintaining these washrooms in their pristine form. The bright and colorful palette used in this area is loved by all the students.

Feedback by the students:

Awesome! The Washrooms are clean and well maintained.

**M. Samhitha
Class VI A**

I liked the new washrooms which are clean.

**U. Harshavardhan
Class II B**

**Superb!
The new washrooms look very bright and colourful.**

**Dushyant.K

Tummala Narendra Chowdhary, Chairman, NTV inaugurating the new library for Senior Secondary and Secondary students

INAUGURATION OF EXCLUSIVE NEW LIBRARY- SECONDARY AND SENIOR SECONDARY CLASSES A TREASURE HOUSE OF KNOWLEDGE

The new library for the secondary and senior secondary students was inaugurated by Tummala Narendra Chowdhary, Chairman, NTV on 1st September, 2018 along with Managing Committee members of Jubilee Hills Education Society. The School believes that teaching is never complete without reading books. In adherence to this Philosophy JHPS walked into another mile to nurture the creativity and self reading flair by making the state of the Library facility exclusively for the secondary and senior secondary students and teachers, which is the new Library in addition to the Main Library.

The new Library provides a beautiful ambience with peaceful environment for students to read to their heart's content. It helps readers not only to develop their critical thinking and analytical skills but also provides them with an outlet for their curiosity on a wide variety of topics.

An amount of 35 Lakhs was invested to design a student-friendly library with comfortable desks and chairs and bright decorations. The importance of this effort is to help create a better learning environment for students. The students can access to library containing books of various Subjects and Authors which will help them in broadening their ideas also helps them to prepare for future competitive examinations.

Libraries are the future of reading

Acquiring Knowledge

INAUGURATION - ATAL TINKERING LAB

“Invention is a process; you don’t get there overnight”- Louis Foreman

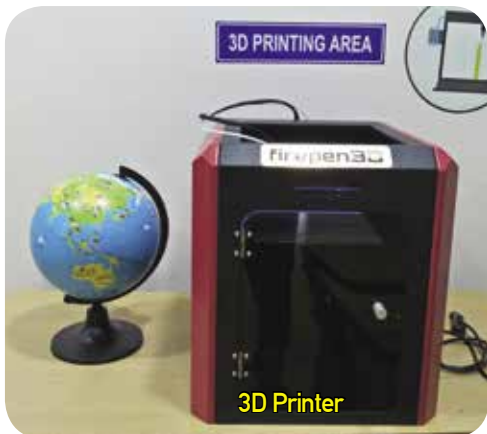

In an endeavour to inculcate and develop scientific temperament in the young learners of today, JHPS proudly set its steps into the noble mission of knowledge enhancement. Under the aegis of the Atal Innovative Mission of Government’s Niti Aayog, the ATAL Tinkering Lab was inaugurated on 15th August 2018. Sri. K. Krishnadev Rao, President, Jubilee Hills Education Society,

Chairman, Sri. A. Murali Mukund, Ms. M. Varalakshmi, Principal, Ms.G.Sree Devi, Academic Director and Science department graced the occasion.

The Lab contains educational and “ Do it yourself ” kits and equipment on – science, electronics , robotics , open source microcontroller boards , Sensors, 3D printer etc .

The young innovators of the school worked on and made various innovative projects like: Mosquito Repellent Home, ropeller clock, smart bed for bed ridden people and Arduino based electronic circuits. All these emphasized skill development through ‘Hands on Learning Methodology’. It also highlighted the purpose to foster inquisitiveness and develop scientific acumen amongst children with the promise to nurture ‘Neoteric Innovators’.

It was the most memorable day for every JHpiian as they take their first step towards bringing everyone closer to the future!

KHAN ACADEMY TAB LAB A NEW PHASE OF DIGITAL LEARNING

“Knowledge is power. Information is liberating. Education is the premise of progress, in every society, in every family.”

making them confident in the subject.

The students themselves can see where they stand with the points awarded to them along with the badges one gets for good performance. A healthy competition ensues in the Khan Academy period making it the most awaited period in the Timetable.

Jubilee Hills Public School has been a leader in the field of education, pioneering steps for others to follow. With its motto 'tradition with technology', it has been surging ahead. The best in technological innovations in the field of education have always been implemented first at JHPS making learning fun and inspirational.

JHPS has tied up with Khan Academy as an additional resource in Mathematics for Classes

5, 6, 7 and 8 making the subject furthermore easy to understand and apply. Khan Academy is an Educational Portal which discusses about different subjects and their applications. It consists of videos, exercises, articles, quiz and unit tests pertaining to the chapters.

A Tab Lab has been constituted for which 50 Lenovo 10-inch Tablets were procured entirely to be used by the students in Khan Academy. A period has been allocated in

the school Timetable to make Math fun to learn. The teachers strategically preplan the content which needs to be assigned for the period. These assignments may be in the form of watching a video, understanding an article, applying their skills in completing an exercise or competing against each other in the form of a Unit Test. The students are asked to work on the assignments in such a way that they get at least an 80% in the exercises in turn

The students have also been participating in an all India Challenge called 'Learn Storm India'. They are competing against schools from all over India and have emerged as very strong contenders for the finals. All the 27 sections participating in the competition won a Celebration Kit for their classes consisting of a selfie stick, fun masks, banners and much more. They are now Challengers at an All India Level.

Better by design sessions

As a part of Stem Education, the Jubilee Hills Skill Development Centre has initiated an innovative program, 'Better By Design' for the students of class V. It is a thinking methodology to enable the students to come up with innovative ideas, to solve a problem and finally bring these ideas to life. Students were introduced to the basics of Design thinking. They had a chance to abstract a complex entity into a simple symbol.

The first module started on 11th June and ended on 25th June 2018. During the first module, students were given a situation with a problem. They found and created solutions from their life experiences to exhibit their talents. Children were divided into groups and

were asked to do an ice breaking activity i.e. making of a parachute. The students were enthralled doing the activity.

The second module was from 8th August to 12th August, 2018. During the second module students were introduced to KHELO. It is an electronic kit containing bricks which can be connected to each other to make a circuit. There are thirteen challenges on the Better By Design portal. The students started the Hack My House Challenge wherein they made a hack for their house and displayed mindsets of collaboration, creativity and openness to failure.

They found and created solutions from every day or learned knowledge, applied innovative and creative skills to show their talents. They used KHELO to come up with a hack to solve their problems.

They showed their awareness, zeal and enjoyed the sessions conducted by the faculty of Better By Design.

JHPS Triumphs (2017-2018)

The constant hard work of students and teachers has helped them to prove themselves in the CBSE Class X Examinations for the Academic Year 2017-18. It is this hard work that paved the path of success for their future endeavours. The school has once again secured 100% pass percentage.

CBSE CLASS X RESULTS

Total Number of students appeared for the Exam : 156
 Total Number of Distinctions (Above 75%): 104 (66.6%)
 Total Number of First Classes (60% - 74%): 43 (27.5%)
 Total Number of Second Classes (50% - 59%) : 9 (5.7%)

OBITUARY – A MARK OF RESPECT

SAD DEMISE OF THE FOUNDER PRESIDENT OF JUBILEE HILLS EDUCATION SOCIETY

MAGNIFICENT MEMOIRS

We deeply regret the loss of a great leader and a visionary, who contributed to the development of our institution. Jubilee Hills Education Society and Jubilee Hills Public School mourned the sad demise of its most prominent visionary, the Founder President of Jubilee Hills Education Society (1986-1990), Honourable Retd. Chief Justice Sri Koka Ramchandra Rao on 17-06-2018.

His words, "Education is a gift which we owe to the children of the future" show his vision towards establishing Jubilee Hills Education Society. His ground-breaking work paved the path for Jubilee Hills Public School to carry forward his vision towards making it a well-known school not just across the twin cities but nationwide too.

The School Management, Staff and the students observed two minutes of silence in the School Assembly as a mark of respect to the dearly departed and the management members attended the death ceremony.

INDRADHANUSH - GRADUATION DAY

Jubilee Hills Public School celebrated 'Indradhanush' Graduation Day, on 16th March, 2018 in the school premises. JHPS Academic Committee Chairman, Sri. T. Harischandra Prasad, Chairman, Sri A. Murali Mukund, Principal, Ms. M. Varalakshmi, Academic Director, Ms. G. Sree Devi honoured the Kindergarten graduates with certificates.

The whole programme was conducted by the tiny graduates themselves, right from the anchoring to the vote of thanks. The audience was awestruck with the stunning and mesmerizing dances, songs, skit and speeches performed by the blooming buds of the school. Parents were mesmerized with the 'Vandemataram' dance drama and depiction of the epic 'Mahabharata'. The coordination and expressions of the students kept the audience spellbound.

The Academic Committee Chairman, Sri. T. Harischandra Prasad, in his encouraging words stated that elders need to be the role model for the children and said that parents also should emphasize on imbibing traditional values and principles right from their childhood. The performances displayed the inherent talent of the children.

The programme came to an end with the vote of thanks and the National Anthem.

PARENT ORIENTATION PROGRAMME

Jubilee Hills Public School conducted an Orientation programme for new admission parents of class LKG on 24th March, 2018.

The Principal, Ms. M. Varalakshmi apprised the parents about the awards and functioning of the school and the facilities.

The UKG Coordinator, Ms. Udaya Kumari welcomed the gathering. The Pre- Primary Coordinator, Ms. S. Samatha presented the 'Overview of the Department'. She emphasized on the holistic development of the students. She also gave an insight into teaching methodology, pattern of assessment and school rules through a brief presentation.

The programme continued with an open session where the queries of parents were answered by the Principal Ms. M. Varalakshmi, Incharge Headmistress, Ms. C. Srilatha and Pre-Primary Coordinator Ms. S. Samatha. The programme concluded with the thought that parents play a vital role in the educational system and they need to co-operate with the school, honour its rules and procedures so that the teachers can work together with them for the optimum development of their children. LKG Coordinator Ms. T. Nalini proposed the vote of thanks.

The Parents

VANAMAHOTSAVAM CELEBRATIONS

"Vanamahotsav" was celebrated on 11th July, 2018 in the school premises. As a part of the celebration, children came to school in green dress and carried green lunch. The Academic Director, Ms. G. Sree Devi, the Vice Principal Ms. Ruchi Sabharwal, the Secondary Headmistress, Ms. G Durga and The Primary Headmistress, Ms. C. Srilatha graced the occasion.

The programme started with a prayer song followed by welcome address by Pre-Primary Head Girl Miss Vidheya Christy. Speech on nature was given by Master Nischay and Master Lohith Varma. A song on save trees was sung beautifully by the kids.

Dance on 'Save Trees' mesmerized everyone with graceful movements and depiction leaving a message for the audience. The programme concluded with the vote of thanks by Pre-Primary Head Boy Master Reyansh.

SAVE TREES - DANCE

FRESHERS' DAY

Jubilee Hills Public School celebrated Fresher's Day on 11th July, 2018 in celebration of the first step for many of the students into school life. As a part of the celebration, UKG students welcomed the LKG students.

The Academic Director, Ms. G. Sree Devi, the Vice Principal Ms. Ruchi Sabharwal, the Secondary Headmistress, Ms. G Durga and the Primary Headmistress, Ms. C. Srilatha graced the occasion.

The students of UKG presented a colourful cultural show for their juniors. The highlights of the programme were Master and Miss Smiley contest, Master and Miss Fresher contest. The winners of Master and Miss Smiley contest are Shourya Marturkar and Vedha Vinod. The winners of Master and Miss Fresher are Angad Dinesh Rajani and Sirimalla Ruchira Vibhasa. The whole ambience reverberated with laughter and joy.

The programme concluded with a vote of thanks by Pre-Primary Head Boy Master Reyansh Gopishetty.

Master and Miss Smiley & Master and Miss Fresher

POM POM DANCE

JANMASHTAMI SPECIAL ASSEMBLY

To commemorate the divine appearance of Lord Sri Krishna, Jubilee Hills Public School celebrated Janmashtami, the birth of Sri Krishna with great gusto on 31st August, 2018 in the school premises.

The President, Sri. K. Krishnadeva Rao, the Chairman, Sri. A. Murali Mukund, the Academic Director, Ms. G. Sree Devi graced the occasion.

The little Krishnas and Gopikas with their outstanding outfits and brilliant performance stole the show. The naughty deeds, lovely persona and the characteristics of the deity were well presented by the young ones.

The highlight of the programme was Dahi Handi where our tiny tots dressed in Krishna's attire tried their best to reach the Dahi Handi. All the students had fun and left the premises with festive fervor.

GANESH CHATURTHI CELEBRATIONS

To rejoice the birth of Lord Ganesha, Pre-Primary students celebrated Ganesh Chaturthi with great spectacle and splendor on 12th September, 2018.

The President, Sri. K. KrishnadevRao, the Chairman, Sri. A. Murali Mukund and the Academic Director, Ms. G. Sree Devi graced the occasion.

The festivity commenced with a prayer song followed by puja rituals as a mark of Lord Ganesha's birth. Master Reyansh Head Boy of Pre-Primary welcomed the gathering and the significance of the festival was well explained. Dances to the tunes of 'Jai Deva Ganesha' and 'Fusion Dance' mesmerized the audience.

Speech by Master Adhirath gave an insight into the divine characteristics of Lord Ganesha. 'Ganapathi Bappa Moriya-Agle Baras Tu Jaldi Aa' echoed all around the auditorium and brought in the festive mood. The fun and frolic was visible everywhere as the students enjoyed the programme with great enthusiasm and cheer.

Ms. Vidheya the Head Girl proposed the vote of thanks.

CULTURAL BONANZA

Pre Primary students celebrated 'Telugu Bhasha Dinotsavam', 'Hindi Divas' and 'Teacher's Day' on 1st September, 2018 in the school premises. The Academic Director, Ms. G. Sree Devi graced the occasion. The event started with a prayer song. Master Reyansh the Head Boy welcomed the gathering. Various programmes like songs and dances glorified the occasion. Colourful attire worn by the participants was eye-catching.

Highlighting the richness of Telugu, the students recited slokas 'Guru Brahma', 'Namo Sharada', 'Ya Kundendu Tusharada' and proved that Telugu language is sweeter than honey. On the other hand, students also celebrated Teachers Day, by giving a speech and dancing to the songs. The programme concluded with a vote of thanks proposed by Ms. Vidheya the Head Girl of Pre Primary Department.

FIELD TRIP TO BUTTERFLY GARDEN

Field trip is an excellent teaching and learning experience where it provides an opportunity to observe, ask questions and learn practically. To provide enriched educational opportunities, Jubilee Hills Public School organized a field trip to Butterfly Garden on 3rd October 2018 for the students of LKG and UKG.

The students were fascinated to see butterflies and different species of birds in the park. The tall trees, colourful flowers and tiny insects caught the attention of the students. The trip proved to be enriching and gave them an opportunity to enjoy, experience and explore the glorious nature.

This trip also enhanced their social skills like sharing, caring, cooperation and bonding with each other.

Nature Walk

RANGMANCH

"Rangmanch", the pride of Pre-Primary students at Jubilee Hills Public School fosters holistic learning and brings together parents, children and the school community. This programme helps the students learn and imbibe valuable skills such as team work, confidence, communication, self-esteem and also focus on stage etiquette. Each and every student get an opportunity to showcase their skills in the form of dances, songs, speeches, skits, mash – ups and many more.

UKG A, B, C & D – FLORA AND FAUNA

UKG 'A','B', 'C' & 'D' celebrated Flora and Fauna on 7th July, 2018 at Jubilee Hills Public School.

The Chairman, Sri. A. Murali Mukund, the Principal Ms. M. Varalakshmi, the Academic Director, Ms. G. Sree Devi, the Vice Principal Ms. Ruchi Sabharwal, The Secondary Headmistress Ms. G. Durga and The Primary Headmistress Ms. C. Srilatha graced the occasion.

Ms. Srilatha, the Primary Headmistress addressed the

gathering and said that as parents and teachers we should build confidence, responsibility and also instigate the innate ability of the child by asking and answering questions.

The programme commenced with a prayer song followed by an array of programs such as "Sky is Smiling" dance, skit on "Uses of Trees", rhymes, speeches, dance performances to the tunes of "Instrumental" and "Na Kato Mujhe".

Along with Rangmanch, Blue and Green Colour Day was also celebrated where children spoke about the significance of colours which was very informative.

The Chairman, Sri. A. Murali Mukund appreciated the efforts of the teachers and the students for putting up a wonderful show. He also stated that every child should get a second chance to build confidence and reach heights.

The parents were happy to see their children giving such a wonderful performance on the stage.

UKG E, F, G & H – MODERNITY IN TRADITION

A spectacular show of “Rangmanch” UKG ‘E’, ‘F’, ‘G’ & ‘H’ with the theme “Modernity in Tradition” was celebrated on 4th August, 2018 at Jubilee Hills Public School.

The Chairman, Sri. A. Murali Mukund, the Principal Ms. M. Varalakshmi, the Academic Director, Ms. G. Sree Devi graced the occasion.

Ms. Srilatha addressed the gathering and said that we as parents and teachers must lay a path to balance both tradition and technology in a students’ career. She also stated that technology has to be used as a tool to learn by keeping the traditional values intact.

The cultural programme commenced with colourful and vibrant dances such as ‘Mickey Mouse’, ‘The Ketchup’, ‘Tradition and Technology’, ‘Fusion’ along with speeches and songs. A skit on ‘The Tradition and Technology’ showed the difference between the past traditional values and the present modernized education.

Along with Rangmanch, Red and Yellow Colour Day was also celebrated where children spoke about the significance of colours which was very informative.

The Chairman Sri A. Murali Mukund appreciated all the teachers for training the students and for organizing a beautiful programme. He said the show was a perfect blend of tradition and technology. We need to be traditional in nature and use technology as a tool for the betterment of life.

Sangam- A Class III Spectacle of skill and talent

Jubilee Hills Public School showcased the skill and talent of each and every student of class III through a spectacular show 'SANGAM' on 25th August, 2018. It was a theme based programme to create awareness about 'Changes which had happened and are happening in the educational system and culture'. The programme started with the Swagatham dance invoking Lord Venkateshwara's blessings.

The Primary Headmistress Ms. C. Srilatha addressed the gathering and briefed the theme of the day which culminates the

methods followed in the past to the present, leading to the student centric learning. She added that this programme facilitates the students with skill based learning.

The entire programme was very well anchored in three languages. The skits, dramas and the debate were performed well by the students with fluent dialogue delivery and natural acting. These suggested how educational system has transformed from past to the present generation. Group dances were the highlights of the show.

The Chairman, Sri A. Murali Mukund appreciated the students for their wonderful performances. He added that children reflected what they had learnt about democracy, barter system and

education system and had wonderfully showcased it in their respective programmes.

The President, Sri. K. Krishnadev Rao appreciated that the children were able to feel proud about their culture and heritage through this programme. He suggested the elders to teach the children what they know and pass on to the future generations.

The Academic Director, Ms. G. Sree Devi admired the children for their amazing performance and appreciated the teachers and parents for the support extended. She also said that such programmes focus and teach the tradition and glorious past of India. It would also help the children to link the past and help the society to move in the right direction.

Tarang- A Class IV Spectacle of skill and talent

The students of class IV showcased a spectacular performance 'Tarang' with the theme 'The 7 R's of Reformation on 28th July, 2018 in order to create awareness for 21st century parents. The programme began with a prayer song followed by a marvelous welcome dance.

The Primary Headmistress, Ms. Srilatha addressed the gathering and briefed on the theme of the day. The entire programme was very well anchored in three languages. The skits, mime shows, dances and street plays were well performed by the students with fluent dialogue delivery and natural acting. These suggested that all our old practices can be rebuilt and reinvented with the efforts of the present generation students.

The Academic Director, Ms.G. Sree Devi gave kudos to the teachers and students and suggested parents to keep a tab on how their children use technology. The Principal Ms. M. Varalakshmi praised the performances and appreciated the teachers for training the children so well and bringing out the best in them.

LEADER IN ME - A Class V Spectacle of skillfulness and talent

Group Song

Skit - Alluri Sitharamaraju

Welcome Dance

On 1st September, the school flaunted the skill and talent of class V students by organizing a remarkable show 'TARANG- THE LEADER IN ME'. It was a theme based programme to create leadership qualities in each individual as it is the important function of management which helps to maximize efficiency and to achieve organizational goals.

The Primary Headmistress Ms.C.Srilatha addressed the gathering and briefed about the theme that prompts about the good leader with passion, will power, determination and confidence and the parents will

witness such leaders in each of their children by the performances.

The dances, skits, dramas and the role plays were well performed by the students with fluent dialogue delivery and natural acting. These jogged our memories of the different leaders like Mother Theresa, Mahatma Gandhi, Alluri Sitharamaraju, Dhoni etc. who are the leaders who inspired and made difference differently.

The Chairman, Sri A. Murali Mukund, appreciated the students for their wonderful performance in showing different types of leaders through the programme. He added that some leaders are self-inspired, some are born and some are made, we being teachers and parents should develop and inculcate the leadership

qualities by giving them well education, situations to think logically, present themselves with confidence and to have common sense to deal with the situations they face.

The President, SriK. Krishnadev Rao appreciated the children and asked to think about the rich culture that India has and suggested the parents and grandparents who has to make efforts and get involved in their children's life to make culture go farther and to create leaders who can make a transformation in this weakening society.

The parents were overwhelmed with the impressive and thought-provoking performances of their children and carried lots of memories by end of the show.

CLASS 1 – A VISIT TO POST OFFICE, FIRE STATION AND AXIS BANK

An educational field trip to Post Office, Fire Station and Axis Bank was organized on 4th October 2018, for the students of Class I in order to enable them to understand the importance of community helpers. The field trip gives a broader outlook of the duties and resources they use to work and also analyze the human interdependency in the society.

Children were delighted seeing the post office and different departments in it and were excited to post letters to their parents in the post box which were made by the students. Children were excited to see firemen in their uniform and the tasks they performed using the equipment such as the hosepipe, foam gun, life jackets, and fire extinguishers. Students were overjoyed and energized when they got the opportunity to use some of the equipments and climb the fire engine. Firemen also demonstrated how to come out of a building which caught fire and usage of CO2 cylinders. They shouted in joy when they heard the sudden fire siren. They were informed that they need to dial 101 for the fire station. They thanked the firestation employees for enlightening

them with the information.

Later, the students were taken to the nearby Axis Bank to learn about the processing, system of work, roles and responsibilities of the employees, working of ATM and its uses. They had a very informative session and returned back with lot of knowledge about community helpers.

Class II – A Trip to Traffic Park

An educational field trip to 'Goshamahal Traffic Training Park' was organized for the students of class II from 25th to 27th July, 2018 to create awareness about road safety and traffic rules.

The training park is a mini city which has traffic signals, zebra crossings and speed breakers. This helped children understand the meaning of safe driving and rules and regulations to be followed.

Students had a session on precautions to be followed on the road. They were taught the do's and don't's of road safety in a fun way through various activities like bike riding and cycling on a test-track with miniature road signs and signals.

A power point presentation and a short film show helped the students learn and understand traffic rules and road safety.

The trip was very informative and gave a practical experience of the theory which the children learnt at school.

Awareness of Traffic Signals

Hands on experience

Field Trips – Exploring the World With Excitement

Field trips give students educational experiences away from their regular school environment. Observing the phenomenon, rather than listening/reading a topic in the class has a deep impact on student's mind which is long lasting. In doing so they not only improve learning but also give both the learner and educator valuable practical experience.

Bringing awareness

CLASS III - FIELD TRIP TO NIRD

A field trip to the National Institute of Rural Development was organized for class III students on 18th July, 2018 to give them a practical experience about handmade eco-friendly products.

Students were shown a power point presentation about the activities conducted at NIRD. They got an opportunity to learn how handmade paper is made from waste material, natural dyeing of yarn, vermi-compost of organic manure and herbal products. Students saw different types of dwellings like the bamboo house, mud house etc.

Students really enjoyed watching the different processes and they made a note of each to share the knowledge with their friends.

CLASS IV – A Trip to Telangana State Museum

An educational field trip to Telangana State Museum was organized for the students of Class 4 on 8th August, 2018.

The students witnessed the Health Museum which is as old as India. It has two sections which include nutrition and health issues and motherhood and childbirth. They learnt that it symbolizes the era, the poverty, ignorance and lack of dedication, commitment, progress and improvement prevailing during the ancient time.

The trip was very informative and the students gathered immense knowledge on topics like nutrition and health. It also showcased details about how to maintain and improve health, Photographs of a variety of medical discoverers, list of eminent visitors at the museum. The students also visited special nurseries that offered a different variety of plants for the students to view. It gave the students a perfect venue to relax amid the refreshing greenery.

The students enjoyed their field trip and they made a note of each antiquity to share the knowledge with their friends. Overall, it was a wonderful experience for the students.

Students at Telangana State Museum

Class V - Trip to Birla Planetarium

An educational field trip to Birla Planetarium was organized on 4th July, 2018 for the students of class V in order to give them practical experience of 'The Universe and The Solar System'. The students were excited to have a 3D view of the huge luminous objects in the vast space of the Universe. The sky came alive on the massive dome theatre.

Students visited the Science Museum and participated in hands on experiments that demonstrated various concepts in Physics such as friction, air cannon, sound waves, pendulum etc. Exhibits belonging to the historical periods and archaeological as well as anthropological remains were observed. The skeleton of a huge dinosaur dating back to 160 million years was also on display. It was an enriching experience and the students gained in depth knowledge.

PARENTS' ORIENTATION PROGRAMMES AT JHPS

An Insight into the school

A Parents Orientation Programme for the parents of newly admitted students was held on 23rd June, 2018. The Principal, Ms. M. Varalakshmi welcomed the gathering and apprised them about the CBSE results as well as the activities, the infrastructure and the facilities provided by the school. She said that teachers, parents and students are the three vertices of a triangle with the student on the top being supported by teachers and parents to achieve their goal. She spoke about the new inclusions in Academics - Khan Academy, Atal Tinkering Lab and Better by Design which help the students learn at their own pace inside and outside the classroom. She said that washrooms were renovated with international standards keeping the health and hygiene of the students in mind. She requested the parents to monitor their children while using gadgets and internet.

The Academic Director, Ms. G. Sree Devi welcomed the new parents and asked them to give teachers and students time to adapt to the school and its environment

and said that the child's responsibility is in our hands as they spend 6-8 hours in the school. She requested the parents to be kind to teachers as it takes time to work together and mould the children. She also spoke about the remedial classes which are being conducted for the development of the children and apprised the parents of the evaluation pattern as per CBSE guidelines. She requested the parents to welcome the concept of Learning Resource Centre that the school has brought to benefit such students.

At the end, there was an interactive session where the parents queries were addressed.

CLASS – I – A FOUNDATION FOR STUDENT LEARNING AND SUCCESS

An Orientation Programme for parents of Class I was conducted on 7th April, 2018. The aim was to familiarize parents with the curriculum, rules and regulations of the school.

The Principal, Ms. M. Varalakshmi welcomed the parents and briefed them with the details of the infrastructure, events and the prestigious awards the school has received.

The Academic Director, Ms. G. Sree Devi addressed the gathering and laid stress on the holistic development of the child which is the main aim and objective of the school. Parents were also educated about the guidelines of the CCE pattern of examination i.e. Formative and Summative evaluation. She emphasized the need of discipline, values and parent monitoring. She also added that as per the State Government order the school has made Telugu mandatory for Class I students and emphasized the importance of learning a new language.

The Primary Headmistress, Ms. Srilatha emphasized on the Teaching Learning Process, Scholastic and Co-Scholastic areas, assessment and evaluation process which will be followed during the academic session.

CLASS VI – ORIENTATION FOR A BETTER TOMORROW

An Orientation Programme was conducted for parents of class VI on 7th April, 2018. The Principal, Ms. M. Varalakshmi welcomed the gathering. She spoke about the behavioural changes that occur as the students step from Primary to middle school level. She said that there's a light in every child that needs to be kindled and teachers offer a homely atmosphere to the students.

The Academic Director, Ms. G. Sree Devi spoke about the awareness given to the girls and boys separately regarding the physical changes that occur in them.

Parents were informed about the changes that are going to take place in class VI and marks allotment in Periodic Test I & Periodic Test II. She also added that as per the State Government order the school has made Telugu mandatory for Class VI students and emphasized the importance of learning a new language.

Parents were in high spirits after attending the orientation programmes and said that they look forward to more informative sessions in the future.

The Parents

RIGHT TO VOTE

In a democratic country like India, every vote and every voter's choice matters. To inculcate these values in students, every year elections are conducted to elect members of the student council. This year, the elections for the student council was held on 6th April, 2018. The contestants gave inspiring speeches in the school Assembly. The Principal, Ms. M. Varalakshmi and the Academic Director, Ms. G. Sree Devi asked the students to make the right decision while electing their leaders. The students actively took part and voted for their leaders via electronic voting system. The teachers acted as polling officers and ensured that free and fair elections were conducted.

A selection process for the Kindergarten Committee was conducted on 12th June, 2018 and the Head Boy and Head Girl were selected. The results were declared on the same day. The Principal and the Academic Director wished Gook Luck to the student council members for the forth coming academic session.

Welcoming the Guest of Honour

Chief Guest's Address

The Investiture Ceremony for the academic session 2018-19 was held on 30th June, 2018 with great enthusiasm and fervour. The event was presided over by the Chief Guest, Sri. A.Y.V. Krishna, IPS, Joint Director, CBI, Hyderabad, The Chairman, Sri. A. Murali Mukund, Treasurer, Sri. M. Sivaram Prasad, Principal, Academic Director, teachers, parents and students.

The colourful ceremony started with the guard of honour for the chief guest and other dignitaries. The programme commenced with a welcome address by the Principal, Ms.M.Varalakshmi. She explained the procedure of electronic voting conducted at school. She spoke about the three important V's in leadership one must have- Vision, Values and being Victorious.

The Chief Guest, Sri.A.Y.V. Krishna, pinned the badges on the student council members and initiated the oath taking ceremony.

Addressing the gathering, the Chief Guest congratulated the

A Token of Appreciation

in all things he does. He said that the teachers are the first leaders in a student's life. He said that a leader should set a bench mark through his traits like humility, modesty, integrity, courage, cooperation and has to have telescopic, microscopic, periscopic and stethoscopic views.

The Academic Director, Ms.G.Sree Devi congratulated the invested members and asked them to be the role models so that the others can emulate and follow them.

The cultural programmes on leadership were quite invigorating. The newly elected members were motivated to take up their task with zeal and enthusiasm. An interactive session was conducted where

the Chief Guest answered the questions posed by the students.

➤ **Sir, how does the CBI get to know that a scam has taken place?**

When a scam takes place at a small-scale level, the victims usually report to the nearest office. But when a scam has occurred on a large-scale level, it is usually through the press or the government itself that directly takes the action. The CBI gets a request to get onto the case. With a widespread computer database network and the support of various officers, CBI is able to delve deeper into the scam.

➤ **How does the CBI plan to deal with corruption?**

The CBI usually has centres

or agents through which they get information about corruption. The CBI handles a selective number of cases that are important. Fighting corruption is not just the CBI's responsibility. It is the responsibility of every individual. Teachers should inculcate the habit of being honest so that the students become responsible citizens of India and help in preventing corruption in future.

➤ **What would you say was a turning point in your life? Who would you credit to be your source of inspiration?**

I wouldn't say it is only one person who has made me who I am. It is through the support of my parents, teachers throughout my life and a little bit of hard work, understanding and the enthusiasm to learn and analyze situations that has helped me reach the pinnacle of success.

The program concluded with the National Song.

Future Leaders

COMMEMORATING OUR STATEHOOD

Telangana Formation Day is celebrated in the school for the students to know about the struggle and the sacrifices made by the people of Telangana to achieve statehood. The programme started with the unfurling of the National flag. The struggle to form the state of Telangana was portrayed through a song. The students performed a dance showcasing the rich history and culture of the state. The Academic Director, Ms. G. Sree Devi emphasised the struggle the people underwent to gain a separate state.

Commerating the day, an Essay Writing competition was held for the students in different languages. In English Asmitha Acharya, in Telugu, Ch. Durgesh of Class X and in Hindi, Poonam Pai of class IX won the prizes. The celebration ended with the distribution of sweets.

THINK GREEN FOR A BRIGHT FUTURE

Vanmahotsav, a week-long festival of tree plantation is organized every year in the first week of July across India when millions of trees are planted.

In an attempt to lend a green touch to the school environment and sensitize students about their role in conserving it, the school celebrated Vanmahotsav on 13th July, 2018 in the school premises. The celebration was an ideal opportunity to instill the value of social responsibility in the students towards safeguarding trees and forests.

The Chief Guest for the day was Ms. C.S. Rama Lakshmi, (Retd. IFS) The Chairman, Sri. A. Murali Mukund, Joint Secretary Sri. T. Harischandra Prasad, distinguished Managing Committee Member, Sri. B.V.P. Raju, Staff, Students, and Parents graced the occasion.

The Principal, Ms. M. Varalakshmi welcomed the gathering. She said the way the school celebrates Vanamahotsav shows the commitment towards nature.

The Chief Guest in her speech said that it was indeed a wonderful opportunity for her to address such a young audience. She requested the students to donate books and not to waste paper. She urged everyone to plant more trees to help India be healthy. She conducted an impromptu session of quiz on nature where the students answered enthusiastically. K. Spoorthi of VII

AAVISHKAR - SCIENCE EXHIBITION

Chief Guest at the exhibition

Avishkar, the science exhibition was conducted on 13th and 14th July, 2018 with the key objective of bringing out the hidden talents of students. The focus was to create awareness about Science, Technology and Engineering. The Chief Guest Ms. C.S. Ramalakshmi, Retd. IFS inaugurated the Science exhibition.

The exhibits provided a platform to scientific experimentation and innovation to the future scientists. The exhibition was an excellent way to teach not just the students but everybody about science and ways in which they can conserve the resources.

Primary School Students briefing the Chairman

The budding scientists from various schools presented creative ideas as exhibits. The students displayed models on Health and Science as well as Waste management which are major issues now a days. There were a number of still and working models on display such as - Paper making from Water Hyacinth, Smart diapers and Effect of Argemone Seed oil on Human Health.

The Chief Guest appreciated the novel ideas of the participants. The exhibits were judged by Sri. Ganesh Kumar, MD, Tecknosarus and Dr. Siddhartha Ghosh, Professor, VJIT. The best models were given prizes during the closing ceremony. Many parents attended the exhibition and were happy with the students' creative and innovative work.

TETE-A-TETE WITH MS. C.S. RAMA LAKSHMI, IFS (RETD.)

The student of journalism who were inspired by her approaches were keen on having a topic her

What has inspired you to take up this profession?

My family back ground is rural and an agrarian. As a child, I lived with nature, watering plants in my back yard. I used to see lots of animals, birds, butterflies, glow worms, bats and snakes. Those were the days when fruits could be eaten directly by plucking from trees in orchards. My father grew mangoes, guava, cashew, custard apple, banana, jamun and many wild fruits.

I am also aware that tribal people living in forestry collect tamarind, honey and other forest supplies which were sold in the village. This made me to become a forest officer and save tribal communities.

Would you like to share some of your experiences with us as you have many years of experience as a Chief Conservator of Forest?

I was the first woman in the Indian Forest Service selected in 1980. I

was asked to run in the place row of 120 male officers running in a row.

As a forester, you have to be physically fit to walk and traverse in forest areas where we do not have any road connectivity even now. As an officer, one has to stay away from family and tour in remote forest areas without any security. Despite all the adversities, I feel Rural and tribal communities are affectionate and hospitable. I was also fortunate to implement many government schemes for the welfare of forest dwellers.

Could you please talk to us about the challenges of your profession?

Forest officers often have to stay in remote areas without any security. Forest can meet all our needs in terms of firewood and other provisions, but not our greed to sell the resources to make fast bucks. Forest officers' do not get the support of public as they have to play the role of a custodian to an open/ unlocked property.

Poaching in forests has been a concern for years. How can we overcome it?

Creating awareness on the importance of biodiversity and wild life amongst citizens and students is important. Wild life week is celebrated in the first week of October every year and competitions are conducted in schools to create awareness among school students.

What are the courses students could take up to get into this profession?

For getting into forestry profession, students must have an inclination for science.

What message would you like to give to the future generation? What do you think the students can do to raise awareness in society?

Today's students are tomorrow's teachers and citizens. Every student can bring changes and create awareness on the sustainable use of natural resources starting from home, schools, community and citizens. As Mahatma Gandhi said 'Be the change you want to see'.

Finally, I appeal to all the students to rise from awareness to action.

MODEL – BRICS SPARKING THE CREATIVE SPIRIT

The Chief Guest, Ms. C. S. Rama Lakshmi lighting the lamp

that Jubilee Hills Public School, with this effort is trying to create awareness about BRICS. Students from nine schools of Hyderabad (Hillside School, DAV Public School, Safilguda, Pragathi Central School, Oasis School, CAL Public School, Sanghamitra School, Sultan-UL-Uloom, Road No:3 Banjara Hills, Bharatiya Vidya Bhavan, Sainikpuri) participated in this event. Two areas of cooperation were identified for discussion. Participant delegates discussed various bilateral and multilateral issues and came up with suggestions.

BRICS include Brazil, Russia, India, China and South Africa. The partnership evolved on the sidelines of the UN General Assembly held in September 2006. The focus of the organisation is to foster strong economic collaboration, besides improving political and security co-operation. The BRICS countries are seen as promoters of developing countries and key players in global affairs.

JHPS added one more feather to its cap by being the host of Model BRICS on 13th and 14th July, 2018 to provide a platform to students to give stimulation and expose them to the current problems and bilateral relationship amongst the BRICS countries. The two day session dealt with various issues which member countries are facing and students were able to give suggestions. The Secretary General, Medhansh Satari spoke about the BRICS simulation.

The Chief Guest for the day was

Ms. C. S. Rama Lakshmi, (Retd. IFS). The Chairman, Jubilee Hills Public School, Sri. A. Murali Mukund, Joint Secretary, Jubilee Hills Education Society, Sri. T. Harischandra Prasad, distinguished Managing Committee Member, Sri. B.V.P. Raju, Staff, Students, Parents and representatives from other schools graced the occasion.

Speaking on the occasion, the Academic Director, Ms. G. Sree Devi said that no country can exist independently. She said

The session started with the opening ceremony where students gave speeches emulating the Honourable leaders of five countries. They focussed on the importance of cordial relations among the BRICS countries, and stressed on the strengths, achievements and growth of GDP.

JHPS chose 10 committees namely, Agriculture, Outer Space, Internet Governance and Security, Business Forum and Council,

Nation Leaders addressing the delegates

Welcome Dance

Financial Forum, Academic Forum and Think Tank Council, Tourism, Health, Science and Technology and Security. Each member country was represented by two delegates.

Sessions were chaired by students experienced in MUN's like Sanskruthi Mishra, Sri Godha Reddy, Anantha Krishna, B. Tarun, Meghana Saha, Rithika, Ramya, Medhansh and Siddarth.

All the chairs of the committees started with the uniform pattern of discussing the rules and regulations and following them to the core. The delegates were engrossed in

the discussions throughout the day. These discussions led to the compilation of working paper by all the nations. Working papers were discussed and committees prepared Draft Resolutions at the end of the session. The closing ceremony of the M-BRICS session was held on 14th July, 2018. Addressing the gathering at the closing ceremony, the Chairman said that the educated youth of India should take part in politics to lead the nation to its glory.

Sri. T. Harischandra Prasad, Joint Secretary, Jubilee Hills Education

Society, said that Model BRICS has been organized to promote a spirit of cooperation rather than competition. He said that the programme will instill universal brotherhood and create global leaders for a better tomorrow. He urged the students to cooperate and help each other.

The Secretary General presented the draft resolution to the Chairman and the Newsletter pertaining to Model BRICS was released at the end of the event. It was a moment of pride when all the winners received their prizes from the Chairman and the Joint Secretary.

A number of awards like 'The Best Speech by the Nation Leader', 'The Best Delegation', 'The Best Idea' and 'the Best Chair' were given to the winners on this occasion.

At the end of the two day M-BRICS session, the assembled young minds had enriched their knowledge of foreign relations along with the strengths and weaknesses of member countries.

PARYATAN PARV - AN OCCASION TO FURTHER EXPLORE THE RICH DIVERSITY OF INDIA

It is said that 'The world is a book, and those who do not travel, read only one page of it.' To celebrate the spirit of tourism and to motivate the students to participate in activities showcasing the tourism potential of Incredible India, the school organized 'Paryatan Parv' from 16th to 27th September, 2018 as a part of CBSE initiative.

The 'Paryatan Parv' gave an opportunity for students to explore the cultural heritage and enjoy the diverse cuisine, cultural programmes, music, theatre, etc. Various competitions were organized including activities such as painting, essay and slogan writing etc. The purpose of the competitions was to enhance the skills of the children and to promote the tourism of India.

In the assembly, students also shared their views on the scope of tourism in India. The best students in all the three categories were applauded and awarded in a special assembly organized by the school.

INDEPENDENCE DAY CELEBRATED WITH PATRIOTIC FERVOUR

'For to be free is not merely to cast off one's chains but to live in a way that respects and enhances the freedom of others'

- Nelson Mandela

August 15th is one of the most significant days in the history of India. It is the day when India gained its independence from British rule in 1947. Every Indian celebrates this day with great joy and pride.

The 72nd Independence Day was celebrated with great patriotism in the school. The Chairman, Sri. A. Murali Mukund was the Chief Guest. Sri. K. Krishnadev Rao, President, Jubilee Hills Education Society, Sri. Lokender Reddy, Distinguished Managing Committee member, Ms. M. Varalakshmi, Principal, Ms. G. Sree Devi, Academic Director, staff, alumni, students and parents graced the occasion. The Principal, Ms. M. Varalakshmi welcomed the gathering.

The celebrations started with the hoisting of the National Flag. To commemorate the sovereignty of our nation, the Chief Guest accompanied by the Dignitaries unfurled the tricolour amidst the rendition of the National Anthem sung in unison.

Speaking on the occasion the Chief Guest, Sri. A. Murali Mukund said that it has become a ritual celebrating Independence Day year after year. He questioned as to how many could actually understand the true meaning of freedom. He asked everyone to introspect whether the freedom won is being utilized in the right way as there are still many milestones for India to cross- few of them being, eliminating poverty, making India self-sufficient and successful. He urged the students to take an oath in leading the nation to success with commitment and discipline.

The dance performed by the students of classes VI& VII carried the message of love, respect and patriotism towards the country. Skit depicting the journey of the great Chandrasekhar Azad fighting for the country's freedom was showcased beautifully. The songs and dances awakened the spirit of patriotism in one and all.

The Chairman, Sri. A. Murali Mukund gave away certificates to the students who strived successfully for 100% attendance during the academic year 2017-18.

GURU BRAHMA DAY

"It is the supreme art of the teacher to awaken joy in creative expression and knowledge."

Teachers' Day was celebrated on Wednesday, 5th September, 2018 in the school with great fervour. Students who had been preparing for the grand day for more than a week, organised a great show dedicated to their teachers. The day buzzed with excitement and smiles all around. Students

brought everyone's attention to the immense importance of teachers and the role they play in children's lives.

Students performed a scintillating cultural show to denote their love, respect, acknowledgement and recognition of the hard work put in by the teachers towards their development. The cultural show incorporated poems, songs, dance and drama. They indicated that teachers play a vital role in making their pupil accountable citizens of tomorrow and wonderful human beings. All teachers enjoyed and appreciated the program.

The President, Sri. K. Krishnadev Rao wished the teachers and said that teachers need to inculcate the values of our culture in the students right from the childhood. He also said that education given in school is the foundation which is laid by the teachers for the student's future. The chairman, Sri. A. Murali Mukund asked the teachers to add values, give directions and lead by example. The Principal, Ms. M. Varalakshmi and the Academic Director, Ms. G. Sree Devi wished all the staff members on the occasion.

RAKSHABANDHAN- A BOND TO CHERISH

RakshaBandhan is a festival celebrated to rejoice in the everlasting bond between brothers and sisters. This symbolizes the sister's love and prayers for her brother's well-being and the brother's life long vow to protect her marking a new beginning with a new hope for a valuable relationship.

The students celebrated' Rakhi festival with enthusiasm. Students spoke about the importance of RakshaBandhan in the Assembly.

CELEBRATION BEYOND THE CAMPUS

As a part of the 'Social Awareness' programme the students of classes IX to XII visited various Government organizations and tied rakhis and distributed sweets to appreciate their services rendered to society. The students tied rakhis to Mr. G. B. Chandrasekhar Babu, Fire Station, Jubilee Hills, Mr. G. Rama Rao, Fire Station, Jubilee Hills, Mr. Praveen Kumar, Electricity Department, Jubilee Hills, Ms. Saloni, Manager, Water works, Kamala Nagar, Mr. S. The Principal Ms. M. Varalakshmi wished the students and the staff on this occasion. She requested the students to maintain good relationship with everyone and follow the Indian tradition and culture.

GANESH CHATURTHI CELEBRATIONS

Ganesh Chaturthi was celebrated with great passion. Ganesh puja was performed to invoke the blessings of Lord Ganesh.

The President, Sri. K. Krishnadev Rao, the Chairman, Sri. A. Murali Mukund, the Academic Director, Ms. G. Sree Devi, staff, students and parents graced the occasion.

A skit which depicted how Lord Ganesh came to be known as, "Vighna Nayaka" was presented by the students of classes VI and VII. Captivating dance performances to the tracks 'Jai Deva Ganesh' and 'Om Gam Ganapataye Namaha' left the audience spellbound.

'Ganapathi Bappa Moriya – Agle Barastu Jaldi Aa' echoed all around and brought in the festive mood.

JANMASHTAMI CELEBRATIONS

The Magic of Krishna

This festival celebrates the birth of the greatest teacher of mankind and is a special occasion for millions of Krishna devotees all over the country. The special assembly started with an invocation song. Primary school children dressed in traditional attire sang songs and performed dance to celebrate the occasion. The spectators were spell bound when the students of classes I to V danced to the tune of 'Radhey Radhey Krishna'. The beautiful rendition of Slokas, songs and dances brought Lord Krishna's abode to the school.

The breaking of 'Dahi Handi' an important custom of Janmashtami was celebrated with great vigour where students and teachers vied with each other. The program concluded with the best wishes from the President, Sri. K. Krishnadev Rao, the Chairman, Sri. A. Murali Mukund, and Academic Director Ms.G.Sree Devi.

DESH KI ASHA - HINDI BHASHA

'Hindi Diwas' was celebrated on 14th September, 2018 to show admiration towards the Official Language. The students spoke on the importance of Hindi in our country. The students recited inspiring poems and songs in Hindi and spoke on the importance of the language in the modern society.

Students of classes VI to IX performed a 'Nukkad Natak' with the theme 'Swachh Bharat' which left everybody spell bound. The Academic Director, Ms. G. Sree Devi wished the students on this occasion.

TELUGU BHASHA DINOTSAVAM

The birth anniversary of the famous poet, Gidugu Ram Murthy who relentlessly fought for the introduction of 'Vaduka Basha' or spoken dialect at all levels is celebrated as Telugu Language Day.

The students participated with a lot of enthusiasm. They organised a cultural programme to commemorate this day. Melodious songs praising the Telugu language, rhythmic and beautiful dances were also presented by the students.

The Principal Ms. M. Varalakshmi wished all the students on this occasion and stressed upon the need to retain the connection with the mother tongue.

MOCK FIRE DRILL – TO ENSURE SAFETY OF STUDENTS

To educate and train the students for an unforeseen emergency situation like a fire, the school conducted a mock exercise and evacuation drill on 1st September, 2018

The “evacuation” operation began moments after the fire alarm alerted the students. The students were immediately evacuated from their classrooms and asked to gathered at the assembly area. A demonstration on ‘Mock Fire Drill’ was given by Station Fire Officer (SFO) Mr. Chandra Sekhar Babu and his team from the Panjagutta Fire and Emergency Service Department.

Mr. Chandra Sekhar Babu gave precautions and tips to be followed when there is a fire. They explained about different fire extinguishers and some of the rescue methods like back lift, front lift and fore hand lift and demonstrated how to rescue a person with a broken leg.

A fire truck with hose pipes was brought into the school campus. The team also showed the methods to extinguish fire by using water. They also explained how to evacuate the building when it is on fire and advised the students to use the stairs instead of lift. The session was informative and educational.

Career guidance fair – USA Universities

A career counselling session was organized for students of classes X to XII by reputed Universities from U.S.A. on 10th September, 2018. Career decisions play a pivotal role in shaping the future growth and development of students. In today's environment of multiple options, knowing about choices available helps children in their decision-making process.

Representatives from various Universities of USA like, California State University, North Carolina State University, The University of Alabama, University of California, University of Iowa, University of Kentucky, University of Connecticut, Savannah College of Art and Design, University of Pennsylvania and University of New Hampshire addressed the students and briefed them about the admission process, scholarships and the various courses offered by them.

The session was quite informative and the students enthusiastically clarified their doubts and gathered the required information for their higher education.

- Palak Jain, Class XII

SWACHHTA PAKHWADA

Cleanliness is a stepping stone to success

Voluntarily cleaning of the campus area

As part of the campaign for Swachh Bharat- the School observed Swachhta Pakhwada from 1st to 15th September, 2018 to create awareness among the students regarding Cleanliness and the ongoing cleanliness drive "Swachh Bharat" started by our respected Prime Minister, Shri Narendra Modi.

With an aim to achieve the Prime Minister's goal the students and teachers of the school took pledge "I will remain committed towards cleanliness and initiate the quest for cleanliness with myself, my family, my locality, my village and my work place. I will endeavour to make everyone devote their 100 hours for cleanliness. I am confident that every step I take towards cleanliness will help in making my

A special drive of cleanliness

country clean." Various activities and competitions like: English and Hindi Essay Writing Competition, Poster Making and Painting Competition were conducted in the school for classes III to XII,

The entire event was a huge success and it portrayed the words 'Purity of mind and cleanliness of land go hand in hand towards the building of an ideal nation beautifully.

Inservice

Teacher Training Programmes For the Ensuing Academic Year - In-service Training

Department of Computer Science

A workshop for the Computer Science department was held on 29th May, 2018 by Ms. Swapna Pagitimarri, Google Certified Trainer on Google Apps for Education.

She discussed the various Google Apps available in Gmail. Teachers can access the content anywhere at any time as the contents are maintained in a cloud. She also said that the Google App in Gmail is very simple and one can use for maintaining records and in teaching learning process.

It was a very lively and interesting session as teachers had Hands on Experience on the concept.

Department of Library

An in-service training for Library Department was conducted on 4th June, 2018. The resource person, Dr.Srikant Reddi, Librarian & Head CBIT, Hyderabad conducted the session on "Latest Trends and Technologies' in libraries. The points discussed in the session were: libraries should act as a maker's place in today's world, information literacy is very essential for any library user, use of latest techniques like QR codes can help access information easily and a library should act as an information center and provide any kind of information through techniques like blogs and discussion rooms.

The session was informative and innovative.

Department of Art

An in-service training for the Art Department was conducted on 2nd June, 2018 by Mr. Biswal, Digital Artist. The session was about the basic fundamentals of Digital Painting Process for Landscape, Streetscape, Seascape and Sketching.

He started the session by showing how to use PSD basic tools and brushes. He stressed on painting, sketching, line drawing and layer-by-layer colouring by using air brushes and erasers. He also explained two layer blending and finished the painting with high contrast colour combinations.

Tips and suggestions given by the resource person helped the teachers.

Department of Music

An in-service training for Music department was conducted on 29th May, 2018. The resource Person Ms. M. Manjulatha, (HOD, BC, Welfare Association, Fine Arts Department) conducted the session on 'Forms of Music'. The session started with a brief introduction of the tribal welfare and social welfare through music. She shared different styles of music with the teachers. She stressed upon the fact that music is an innate ability. She also added that classical music is an ocean which is closely related to the devotion of God and is the shortcut path to reach God and attain emancipation.

The tips and the suggestions given by the resource person benefitted the teachers.

Department of Mathematics

A workshop for the Math Department was held on 24th May, 2018. The resource person was Dr. Madhavalatha, Sr. Asst. Professor, Narayanamma College of Engineering and emphasised on Mathematical Modelling in Real Life Situations. She focussed on Patterns and Series and explained using the example of Fibonacci Series. She said that Mathematical modelling is nothing but describing the system by using the language of Science and Engineering. She also explained how Math is inter related with other branches of Science.

The session was informative and enriching for the teachers.

Department of Physical Education

A workshop on the 'Role of Physical Education Teacher & Health and Physical Education' was conducted on 29th May, 2018 by Dr. Bhaskar, Physical Director, DPS, Nacharam.

He said that the role of a Physical Education Teacher is to read the players' physiological behaviour, personality and feelings. He emphasised on the five Motor Development Skills (speed, strength, agility, endurance and flexibility). He opined that PET teachers have the experience to observe students and decide which game they are suited for.

He also said that the Physical Education Teacher has to guide and impart basic physical fitness training to make the students participate in all games.

He concluded the session saying that 'Togetherness and team work will help achieve success'.

Department of Science

A workshop for the Science department was held on 29th May, 2018 by Dr. Radhai, Associate Professor, St. Ann's Degree College, Hyderabad. The session was on 'Improving Classroom Dynamics to Activate Learning'. The session started with an equation $E=MC^3=K$ and said that 'E' stands for Education, 'M' stands for Motivation and the 3 'C's stands for Children, Curiosity and Consistence and 'K' stand for knowledge.

Dr. Radhai requested teachers to ask questions like 'Why' and 'How' in the classroom so that the students think before accepting any fact. She said that students have to be engaged in team activities with names like AAHA(Accelarated, Attention with Humour Activity).

This motivates them to work together. She suggested the teachers to add a 'Genius Hour' to the curriculum so that students can explore their passion. The session was informative and enriching for the teachers.

Department of Social Science

The Social Science in- service training was conducted on 28th May, 2018 by Ms. Padma Malathy (HOD- Social Science ,DAV Public School,Safilguda) on the topic 'Learning Strategies". The workshop emphasised on positive learning and an epistemological shift in the teaching of Social Science. She requested teachers to evaluate the students' performance in a non controlling manner and give incentives to students for responding in the class. The discussion highlighted the objectives of teaching social science at primary and secondary level to develop Analytical and Conceptual skills.

The session was informative and innovative.

Department of Dance

An in-service training for the Dance Department was held on 26th May, 2018. The resource person for the session was Mr. G.Arun Kumar, Western Dance Choreographer. The session started with the introduction of free and Contemporary dance style. He gave a detailed explanation about the techniques of western dance styles. He also demonstrated various styles of western dance. He said that one can develop self confidence, improve body fitness and also express oneself through western dance.

The workshop was interactive and intriguing.

Department of English

An in-service training for the English Department was held on 29th May, 2018 by the Academic Director, Ms. G. Sree Devi. The workshop was on 'Importance of Reading'. She explained the steps to comprehend a passage-skimming, scanning, inferring and looking at the vocabulary. She concluded the session by explaining how one can make reading enjoyable and how it helps. The workshop was communicative, motivational, effective and inspiring. The activities and games experienced and learnt by the teachers will facilitate the students to improve their fluency of the English language. The methods shared for improving the listening and reading skills were excellent.

It was an amazing learning experience for the teachers.

EXTERNAL WORKSHOP FOR TEACHERS

JHPS believes in going beyond simple content delivery and so enhances the teaching skills of the teachers. Various workshops were conducted for Mathematics, Science, Social Science and English teachers to update the pedagogical skills of the teachers and to empower them to rightfully implement Continuous and Comprehensive Evaluation.

The workshop for Social Science teachers was conducted by Ms. Pallavi on 'The Art of Teaching Social Science'. The workshop started with an activity of introducing left side colleague by every teacher. Major focus of the workshop was activity based teaching-learning methods in Social Science. Individual participation was ensured throughout the workshop. The activities discussed were interesting and can be implemented during the teaching-learning process. The teachers participated enthusiastically in all the activities. They were advised to stimulate curiosity for learning and inculcate values among the students. This program enlightened the teachers as it gave an insight of various teaching methodologies for effective learning.

The session for Science teachers was conducted by Mr. Jyothi Parruck. He displayed various activities that children can perform to gain hands on experience. He recommended that every child must be encouraged to innovate. He also said that activities do not require complicated gadgets or kits. Simple things can be put together to make amazing things. He advised teachers to teach science with activities as this will make the concept easy to understand and make the classroom active.

The training session for Mathematics teachers was conducted by Mr. Syed Sattar. The main objective of teaching Mathematics is to enhance problem solving skills in the subject. Mr Syed Sattar narrated a simple and an interesting story and asked the teachers to frame questions based on mathematical concepts from

the story and a variety of questions came up regarding different concepts of mathematics. He suggested that teachers must include stories in their concepts as this improves the child's thinking abilities, logical thinking and analytical skills. It also helps the teachers to make the teaching and learning process easy and interesting. Teachers were asked to frame algebraic equations which could be used to play the game of LUDO with a maximum of three dice. The teachers participated actively in this activity and shared their experiences of how they used the different activities in their respective classrooms while teaching and how it enhanced their teaching methods.

The training session for English teachers was conducted by Ms. Priyamvada. on 25th May, 2018. The workshop focused mainly on the four skills of the language, i. e Reading, writing, speaking and listening. Ms Priyamvada focussed on introducing various activities that a teacher can employ in a classroom while teaching these four skills. Handouts were given to the teachers to help them understand the concepts better. The teachers were divided into groups of four and made to do the activities. This made the whole session lively and interactive. The activities were very interesting and informative. MsPriyamvada concluded the workshop by summarising the main ideas that were discussed in the workshop.

Overall, the sessions were informative and armed the teachers with a lot of useful techniques to facilitate classroom learning.

Unleashing, re-learning and sharing

To inspire teachers to march ahead progressively, workshops and training programs are organised by the school every year. This year the school organised various workshops to enrich the knowledge of teachers. The goal of such trainings is to either give the teachers new information to help them teach more effectively or to enhance and clarify information that teachers already possess. Through these workshops teachers are introduced to innovative methods in classroom teaching that encourage creativity and sensitivity in the child. These workshops help teachers to imbibe an integrated approach to education and provide methodologies and offer cultural inputs in curriculum teaching.

Teachers participated enthusiastically in the session.

Active participation

Ms. Sonal Andrews addressing the teachers

Workshop on Classroom management

A workshop on Classroom Management was conducted for Pre-Primary and Primary teachers by Ms. Sonal Andrews, a psychologist on 24th May, 2018. The session focused on three types of learning: Visual, Auditory and Kinesthetic.

Ms. Andrews used examples of her own experiences to explain what kind of activities can be utilised to improve brain development and attention span. She also discussed the key module of the management systems.

She said that the goal of Module-1 is to offer staff and students a supportive environment for personal,

social and academic growth and Module-2 is based on Class room set-up. She requested teachers to design the space to inspire learning by keeping the classroom neat and tidy. She also said that teachers should help the students reuse and recycle waste to help them understand sustainability at a young age.

The teacher must use positive feedback to encourage the child so that the child is inspired to learn and improve. Negative feedback might destroy the child's confidence and discourage the child from learning. So such feedback should be avoided. The session ended with a movie about how a teacher's positive attitude can change a child's behaviour in the classroom. The session was interactive and lively with songs and fun activities.

Orientation programme by "Better by design"

'Better by Design' conducted an orientation for the parents on 2nd June, 2018. The Academic Director, Ms. G. Sree Devi addressed the gathering and informed that the school has received a grant from the government to build an Atal Tinkering Lab to motivate children who have the ability to think differently. She explained that it is important to provide children an environment that is conducive to learning as these children will be the future of the nation and help build a better India.

Academic Director, Ms G Sree Devi addressing the parents

The resource person, Mr. Navaz gave an overview about the program. He laid stress on how problems are opportunities to innovate by subjective reasoning, imagination, negotiation, questioning, empathising, story telling, connectivity and designs. He said that the program works by providing simple tools, resources and ideas. He gave the information about India's first "Kid Innovator Community" which

Resource person, Mr. Navaz addressing the parents

has been created for children to share their innovative ideas online. He gave a brief picture about the 8 months programme for grades 6, 7 and 8 and one month program for grade 5. This will be sponsored by the school.

The school will pay Rs. 4000/- per student for 80 students of class 5. Parents were extremely happy to attend the session and said that they look forward to try the new initiative taken for their children by JHPS.

Workshop on Specific Learning Disabilities & Inclusive Education

A workshop on Inclusive Education was conducted on 28th May, 2018 keeping in mind the children with learning disabilities and special needs who have the right to education. The workshop was conducted by Ms. Rani, the Special Educator of the school.

She started the session with an activity that showed how a child with special needs might feel when he/she is excluded by their peer group. She also discussed the five major challenges that teachers face while addressing the varying needs of their students and the ways in which they overcome the challenges.

She explained learning disability and the different

types of learning disabilities like Dyslexia, Dyscalculia, Dysgraphia, Dyspraxia (Sensory Integration Disorder), Dysphasia, Auditory Processing Disorder and Visual Processing Disorder.

She talked about how different schools usually deal with special needs children and what 'inclusion' means in this context. She also discussed the roles of a psychologist, psychiatrist, special educator, councillor, etc., in inclusive education as well as the Do's and don't's that a teacher has to follow while dealing with special needs children.

She then explained how to record any particular characteristic that the child displays in the event and duration recorder. She briefly discussed the factors associated with problem behaviour, planning multi level instruction and the educational provisions for children with special needs. The session turned out to be an eye opener and was informative for the teachers.

Learning that leads to a-ha moments

A workshop was organised by CONQUER- The dealers of Apple in India on 9th June, 2018 at Taj Banjara. The session was on 'Mobility in Education & Benefits of Apple Ecosystem in Education' which focused on a new generation of apps in Apple iPad to design and deliver the lessons to create more a-ha moments in the class. The main aim of this series of apps is to make learning student centric instead of teacher centric. Various apps like Pages, Keynote, iMovie's & Clips and Nearpod were explained in detail. The app, Tool which is used to control the entire set of devices used by the students was also explained.

The session on the whole was informative and inspiring. N. Rajeswari from Computer Department attended the workshop.

Discussion on learning in early years

Learning in early years

An inspiring session on "Learning in Early Years" was conducted by Ms. Padma Priya in the school premises on 31st May, 2018. Teaching Pre Primary children needs lot of creativity and patience. It is necessary to focus on narrating stories, reciting rhymes, show and tell activity through picture book during circle time which helps develop child's listening skills.

She emphasized on auditory and visual learning where the theme or concept is introduced with a short story or a rhyme. She stated that curriculum should include self-directed, hands-on learning activities which not only gives vent to the child's creative talents and energies but also helps in the holistic development of the child. Objectives, Activities, Learning Outcomes and Assessments to be incorporated in the lesson plans. The session concluded through wide range of teaching and learning activities.

Faculty development - Generic workshop

A workshop on faculty development was held on 29th May, 2018. The Resource person was Ms. Harpreet Randhawa who is the co-founder and director of V inspire, training and consultancy services and a teacher trainer.

Ms. Harpreet said that Classroom Management is all about knowing the ways of organising the resources in a classroom and include planning, control, proper communication, budget and organized division of duties. She also said that an effective teacher manages a classroom and an ineffective teacher disciplines a classroom. A teacher should always find out the reasons for classroom mismanagement and one of the greatest enemies of a successful classroom management is boredom. Child psychology deals with emotional wellness-mental health and it includes neuro transmitters, the tween/teen brain, toddler's brain and anatomy of brain in tween.

She said that ABCD (A-appearance, b-behaviour, c- communication, and d-digital presence) is needed for a teacher to be professional. Communication is done orally, written, through body language, formally, informally and unofficially. A teacher should check her verbal communication using voice, volume, quality, tone, rhythm, speed. Non-verbal communication is checked through body movements, posture, gesture,

Active participation

Ms. Harpreet addressing the teachers

eye contact, facial expressions, touch and dressing. Good teaching is more about asking the right question than getting the right answer and a perfect teacher displays emotional intelligence.

The session was very energetic and lively as the teachers were involved in many activities. She came up with 4H's (head, heart, hands and human) needed to become a successful teacher.

She said management means doing things right,organizing, controlling and planning. The workshop on the whole gave an enriching and a fruitful experience.

Awakened citizen programme

A Powerful Message to Explore Infinite Potential

The Awakened Citizen Programme is a three year graded value education program for students studying in middle school and high school. It was created with a vision of having a nation full of awakened and responsible citizens who will be able to lead the national resurgence of India. It can manifest excellence in every sphere of life. The workshop was conducted for two days for teachers of CBSE schools on 16th and 17th April,2018 at the Ramakrishna Math.

Ms. Saraswati, Ms. Manisha, Ms. Shehla, Ms. Preeti Gupta and Ms. Praveena attended the workshop.

All the participating teachers were given a demonstration of how to use the provided CD's and Manuals.

The aim of the programme is to empower students in a real and tangible way so that

they can stand on their own feet and become enlightened and responsible citizens. This programme emphasised transformation of vision rather than giving children a set of do's and dont's. The purpose was to bring an inward change in the personality of the students. The programme gave a stirring message of strength, courage and compassion.

Microsoft Innovative Educator Meet

A workshop on Microsoft -(Office-365) was organized by DRS INTERNATIONAL SCHOOL, KOMPALLY on 22nd September, 2018. Mr. Srinivas and Mr. Sudheer from Computer Department attended the workshop.

Ms. Meenakshi Uberoi, is a Microsoft certified teacher educator. She discussed how to use technology and Microsoft tools like Office-365 in education. She explained about MIE (Microsoft Innovative Educator) programme and its advantages to the teachers. MIE program is all about how to use technology in education and make the learning more interesting and innovative.

Ms. Meenakshi also showed how to use One Note, Sway, Skype and Bing in Education to make an effective classroom environment. She explained how to use forms to make a simple MCQ based question paper and about the different Microsoft certified teacher programmes under Microsoft Education.

Outreach Facility at NRSC

National Remote Sensing Centre (NRSC), is a premier institution of the Indian Space Research Organization (ISRO) plays an important role towards achieving the national objectives of food, water, energy, shelter and infrastructure security, sustainable development and disaster risk reduction. An Exhibition was organized for the students of Classes VII to X on 26th September, 2018 to make the students aware of Geo-tagging applications and other Remote Sensing & GIS (Geo-graphic Information System) applications.

The team of ISRO interacted with all the students on various aspects of the project works, the benefits of space technology, Mass Communication and various developmental activities under taken by them. Presentations were also shown on Remote sensing, Geo-Mapping and Oceanography. The team of ISRO informed the students how Chandrayan I mission assisted in confirming the presence of water/ Hydrogen on the moon in 2009 and recently the team is working on Chandrayan II to the moon which is expected to be launched in 2018.

It was an informative trip where the students got to know about ISRO's sensors that are being used for the observation of Earth along with the capacity building and outreach programme.

Learning has no end

Workshops offer students an ongoing array of opportunities for self-development and self-promotion. Workshops are important because they are conducted based on the premise of 'Learning by doing'. Keeping this in mind, various workshops are conducted for the students.

NIE NEWSMAKERS' MEET 2018- BUDDING JOURNALISTS

To introduce budding journalists to the nuances of reporting, the annual Times NIE Newsmakers' meet was conducted from 21st April to 26th April, 2018. Students from 40 schools across the city participated in the meet. The main objective of the workshop was to enable students to learn the art of reporting, writing, editing, designing, scripting, etc. Students had a great time learning the intricacies of journalism and various aspects of the print industry. We also learnt the 5W's and 1H, how to attract the reader's attention as well as the 'do's and don'ts' of journalism.

On the final day, the students were taken to the Times of India press located at Nacharam where they learnt about the process of printing a newspaper. Students got first-hand knowledge of the way a newspaper is produced.

The training programme had the right mix of learning and entertainment.

Keerthika, Class IX

TAX Awareness Programme

A Tax Awareness session was conducted for senior secondary students on 28th June, 2018. The purpose of the programme was to create awareness among students regarding the importance of taxes in national development and to highlight citizens duty regarding payment of taxes. The session was conducted by Mr. Sunil Kumar Pandey, Mr. B. Ravinder, Mr. P. Tripathi and Mr. A. Surya Bagwan. The students were shown a PPT about the history of income tax, how it is collected, advantages of income tax, problems faced by society due to non payment of taxes.

Mr. Sunil Kumar explained about the basic taxation structure of India and the various types of taxes levied on the assesseees. He further explained how people escape from paying taxes and the consequences they face if they are caught. He also spoke about how the Income Tax Department has changed in the last four years. He elaborated on the educational qualifications required to become an Income Tax Officer.

An interactive session with the representatives of the Department allowed the students to foster wider areas of thought about the subject. The students participated enthusiastically in the question and answer session and proposed creative ideas that can be useful in the future endeavours of the department. It was a fruitful experience that benefitted the students and gave them an insight into income tax.

M. Drishti, Class XII

Role of income tax in nation building

The Income Tax Department celebrated its 158 Income Tax Day on 24th July 2018. On this occasion, the Department conducted various activities in the school campus. Painting competition was conducted for classes VI to VIII, an Essay Writing Competition for classes IX and X and poster making competition for classes XI and XII on the topic 'Role of Income Tax in Nation Building.'

This was to commit ourselves in the task of Nation building through spreading awareness about revenue mobilization and encouraging more and more people to become tax compliant. Students came up with ideas and thoughts that would shape the society to be honest and law abiding.

A valedictory function was held for the same on 25th July, 2018 at the JRC Convention Centre, Jubilee Hills by the Department.

A cash prize of Rs.3000/- for First prize, Rs. 2000/- for Second Prize and Rs. 1000/- for Third Prize was given. The prizes were given away by Sri S.P.Choudary, Principal Chief Commissioner of Income Tax, Ms. Nina Nigam, Director General of Investigation, Telangana and

Andhra Pradesh. Students took part in the event with great enthusiasm and showcased prodigious creativity,

MUN - A Call to Action

Great opportunities rarely come without seeking. Indeed this rarity become a reality. The G.D.A.V MUN was held from 10th August to 12th August at D.A.V Public School, Safilguda. 21 students from classes IX to XI participated in this event. The delegation at MUN India was on par to empower and educate young minds. The conference brought together passionate delegates to discuss problems of International importance and brainstorm solutions for the future. JHPS students performed extremely well, they represented various committees with full of zeal. Students received several verbal appreciations among more than 600 participants from different schools. Sumedha of Class IX was declared as the Best delegate for OIC Committee and Chinmay .B of Class IX was adjudged the Best speaker for high commendation, UNDP Committee.

E. Sumedha , Class IX

Connoisseurs of Art and Culture, Sports

Dance is the form of art which speaks volumes of our rich culture and heritage. We at JHPS leave no stone unturned in nurturing and refining the finer aspects of our students' calibre in this respect. These students have shown that following our culture and tradition is important in today's world.

Namrata. M. Chowdary: The Kuchipudi Artiste

Narmata.M , also a student of Class X has been learning dance for the past nine years. She is a student of Sri SaiNataraja Academy of Kuchipudi dance under the tutelage of Dr.P.Rama Devi. She has been giving various solo and group performances at places like Madhya Pradesh, Chattisgarh and in states of Telangana and Andra Pradesh etc. She was awarded with NRITYA PRATIBHA in Chattisgarh and BALA KALA RATNA in Andhra Pradesh. She has appeared for the certificate course examination in Kuchipudi dance this year and is now preparing for her diploma in dance. On 23rd June, 2018 she had done her RANGAPRAVESAM at RavindraBharathi and performed a couple of classic pieces of Kuchipudi.

Namrata. M. Chowdary

Arya Bharath – The Budding Danseuse

Arya, a student of class X has been under the tutelage of Guru Sri Pasumarthy Ramalinga Sastry for the past nine years and he has inspired her to pursue dance with passion and dedication. She has performed in several dance ballets at various places, including the holy shrine at Tirupati under his able guidance. She enjoys listening to various genres of music. Arya recently performed her Arangetram, which is a debut that catapults a student into a full- fledged dancer on 3rd June, 2018 at Telugu University in Hyderabad.

Arya Bharath

Abhinav – Holding the Cricket Bat High

Another gem that brought laurels to the school is Master Abhinav of class IX . He participated in many regional and state tournaments.

He was awarded the Best All Rounder and is playing for in the under fourteen age group Andhra Pradesh state Cricket team. Abhinav and his team have made us proud many a time.

Nanda Sai Vineesh - A Chess Player- The Chess Champion

Chess is a game which improves the learning, thinking, analytical power, decision-making ability of the child and also teaches the importance of being disciplined in life. Nanda Sai Vineesh of class IV has been practicing chess since the age of seven. He has achieved many prizes in various competitions and is on his way to becoming an expert in the field of chess.

Nanda Sai Vineesh

Divyateja Pasupuleti – The Young Innovator

Divyateja Pasupuleti of class X attended NIRD's RISC as a part of the Rural Innovation and Design Challenge (RIDE challenge). Rural Innovators Start Up Conclave (RISC) was conducted by NIRD on 30th and 31st August, 2018. Investors, Start-Ups and innovators pitched their projects and had panel discussions on Patenting and Packaging. Teja made a device that could send the location of people drowning in the ocean.

Kudos to Teja for winning the first prize of Rs. 10,000 in Student Category, Sustainable Livelihood, RIDE Challenge.

ARDUINO WORKSHOP

Jubilee Hills Public School was given a grant in aid by NitiAayog, Govt. of India to establish Atal Tinkering Laboratories. To build and to foster the students' creativity and help them to become familiar with the concept of Tinkering and Design Thinking, the school organized an Arduino workshop for its Atal students in collaboration with GokarajuRangaraju

Institute of Engineering and Technology. Arduino is an open-source electronic prototyping platform which can be used in developing real world applications. This can interact with buttons, LED's, motors, speakers, GPS units and Smartphone's.

The students gained hands on experience in working with ARDUINO and different sensors and their application in day to day life. The students had an enriching and a fruitful experience.

Mr. Mallikarjun Rao, Professor of GRIET addressing the students

GRIET team with JHPS team

Heritage quiz 2018 Conquering through wisdom

In order to widen the scope of heritage education among students, the Indian National Trust for Art and Cultural Heritage (INTACH) conducted 'Heritage Quiz 2018' on 31st August 2018, at the Salarjung Museum, Hyderabad. The focus of quiz was on Indian Culture and Heritage.

The quiz conducted by the Heritage education was attended by 88 schools and nearly 245 students. Students of classes VI and VII participated in the quiz. Overall, it was a good exposure for the students as they competed against some senior students as well as students from across the state. It boosted their confidence and prepared them for future challenges.

Aditya Patnaik, VII

Intach workshop

Intach workshop was conducted on 17th August 2018 at Bharatiya Vidya Bhavans School, Jubilee Hills. Seven of our students from classes 7th to 9th attended the workshop. Ms. Purnima Dutt and Ms. Anuradha Reddy, Co-Convenor, Telanagana Chapter, Convenor, Hyderabad Chapter organized the programme. The students were taught about the right techniques of shooting short films. Ms. Anuradha Reddy spoke about the different topics related to the Heritage of our country and showed the right way to shoot a short film.

Time to act, Time to change

Model United Nations is by far one of the most stimulating exercises in the world of education for students. Putting oneself into the role of nation's UN representative faculties develops open-mindedness while presenting ones perspective with sensitivity, passion, care and tact. The attributes of a global citizen are developed through this stimulation. What sets MUN stimulation is that embedded within it is an expert panel discussion on the global discussion on the global issue, which forms a distinct theme of the MUN every year.

The PCS MUN-2018, a two day event was held at Pragathi Central School on 31st August and 1st September, 2018. The students of our school participated in this programme. The event was a great way for the students to engage in debates and discussions that encourage innovative ideas to solve the burning problems of the world. The MUN helped the delegates to polish their oratory skills. The three committees- DISEC (Prevention of illicit small arms production and distribution among nations), UNEP (Combating menace of plastic and e-waste) and UNODC (Encountering the crimes of drug trafficking by preventing drug abuse and by promoting rehabilitation and prevention) promoted innovative agendas and gave delegates a platform to brainstorm

and propose innovative solutions. J.Pranavi and Sreeja Gosh of Class X secured verbal mentions for their performance. As the delegates successfully completed the event they left with memories that would last forever. The knowledge acquired will guide the students for a long way to go.

J. Pranavi and Sreeja Gosh

Students at Pragathi MUN

SHLOKA COMPETITION

THE BUDDING SINGERS MESMERISE THE AUDIENCE

Shloka is a category of verse developed from the Vedic Anustubh poetic meter. The chanting have both psychological and physiological effects on body. Keeping this in mind, an event was organized to expose the students to the benefit of chanting Shlokas.

An Interschool Shloka recitation competition in Bhagavad Gita Chapter XVIII was organized by Chinmaya Mission at Bharatiya Vidya Bhavan Public School, Jubilee Hills on 20th September, 2018.

Students from Classes UKG to VII participated whole heartedly in the competition. The students have show cased their chanting skills by reciting Shlokas with confidence.

SPORTS ACHIEVEMENTS 2018-2019

JHPS ensures that no step is taken back in any field. Here are the students who have triumphed in their journey.

BASKETBALL

- JHPS U/14 Basket ball girls team Winners, match held at YMCA, Narayanguda, Hyderabad from 1st to 4th August, 2018.
- JHPS U/17 boys Basket ball team Winners, match held at Meridian School, Kukatpally from 2nd to 4th August, 2018.

TENNIS

- G.Varun of Class X bagged the First Place in Telangana State Ranking Tennis tournament held from 27th to 29th August, 2018. G. Varun of Class X participated in ITF Tournament held at Iran.
- K.Rohan of Class IX secured the Second position in Telangana Ranking Tennis tournament held from 27th to 29th August, 2018
- G. Srivanth Reddy of class V won the winners title in Grand slam 1st under-10 Ranking Tournament 2018 held at Krishna Swamy advanced Tennis Academy, Bowenpally, Secunderabad on 16th September, 2018.

CHESS

- G. Sreeshanthy of Class secured the first place in NMDC Chess Nationals, Kothagudem from 23rd to 25th August, 2018.
- G. Sreeshanthy of Class V secured the first place in State level Chess selections U/9 held at Warangal from 1st to 3rd September, 2018 and was selected for Nationals which will be held at Ranchi.
- C.SaiVinesh of Class IV bagged fourth place in U/9 State level chess selections held at Warangal from 1st to 3rd September, 2018 and is selected for Nationals which will be held at Ranchi.
- C. Jeswanth Sai Niketh Class VII won Champion trophy In (Under – 13boys) 10th Telangana State Chess Ranking Tournament 2018 held at L.B.Stadium, Hyderabad on 22nd August 2018.

ATHLETICS

- M. Harshith Reddy of Class X and C. Chandini of Class VIII secured runners position in Long Jump in HDAA Athletic Meet held at Gachibowli on 29th July, 2018.

BADMINTON

- M. ShashankSai of Class IX secured first place and A.SaiChatura and A.Charishma of Class VIII secured runners place in Hyderabad District Badminton Tournament held at KVBR Stadium from 9th to 11th August, 2018.

THROWBALL

- JHPS U/14 girls Throw ball team winners, match held at YMCA Tournament, Narayanguda, Hyderabad from 1st to 4th August, 2018.

SKATING

- D.Yashwin chowdary of class IV secured the third position in Legend hunt inline skating competition on 29th July, 2018.
- D.Yashwin chowdary of class IV participated in Ice skating association of India speed skating camp at Delhi from 11th to 16th June, 2018.

ARCHERY

- Students from classes VII to X participated in HDSGF Archery Competition held at Exhibition Grounds, Nampally on 19th September, 2018. Ishitha, A-VIII won Gold medal, Divya Juliet –VIII won Silver medal, Pranathi, M –VIII won Bronze medal, P. Mahika won fourth place, M. Karthikeyani –VIII won Gold medal, Bhoomi Jain –VIII won Silver medal, G. Srihitha –VIII won Bronze medal Akshitha Sharma – X won Silver medal, Sai Eashwar, M-VII won Gold medal, K. Vibhushan – VIII won fourth place. All medal winners were selected for state level competition.

TABLE TENNIS

- U.Keerthan of Class V secured the Second place in Table Tennis held at Meridian School, Kukatpally from 2nd to 4th August, 2018.

Achievements Galore 2018-2019

Dream it! Believe it! Achieve it!

Students participated in a number of inter-school competitions at all levels. This enabled them to hone their skills in Art, Quiz, Public speaking and Dance etc. making them versatile and channelizing their energies in a positive manner. Here is a glimpse of the achievers who brought laurels to the school.

- Vinayak, Nandini Senthil Kumari of Class VI and Arjun Varma of Class VII secured First place in 'INQUIZITIVE' competition conducted by Open Minds International School on 2nd August, 2018.
- T. Hasini of Class VII stood First in Papyrus (story Writing) Competition. She received a certificate and a book on 'The Great and Compassionate King Ashoka'.
- Meghana Pampana of Class X, K. Sathvik and Sri Harinadha Savaram of Class IX participated in the National Mathematics Contest and were awarded All India rank holders with 90th percentile as Power Performers. Gnana Trishala Suri and Villuri Mishriyaa of Class IX, Anushka Garg, Pranav Reddy and Mokshita Reddy Gundlagutta of Class VIII, Charan Atluri, Sudheesh Gangishetty, Lalitha P R Kothakapu and Mattapalli Mahathi of Class X were awarded as Rising Stars in the National Mathematics Contest conducted by The Hindu on 18th and 19th August, 2018.

Upcoming Events

1. The DNA in a person's body, when uncoiled, can stretch from Pluto to the Sun and back.

ANSWERS

- (1) The alphabet 'g'.
- (2) Secret.
- (3) His horse's name is Friday.
- (4) Clock.
- (5) An elephant's shadow!
- (6) The letter 'W'.
- (7) The letter 'M'.
- (8) A keyboard.
- (9) Just one, after which it will no longer be empty.
- (10) Footprints.

PTA meet at Jubilee Hills Public School

Jubilee Hills Public School conducted the Annual PTA meeting on July 21. Principal, M. Varalakshmi, addressing the parents, said that the core values of respect, commitment, accountability, collaboration are necessary for the development of the school and the child and urged the parents to monitor the usage of electronic gadgets. G. Sree Devi, the Academic Director, informed the parents about the CBSE results and apprised them about the changes in the curriculum.

Working towards a unified start

Jubilee Hills Public School conducted their annual PTA meeting on July 21. Principal M. Varalakshmi welcomed the parents and informed them of the aims and objectives of conducting PTA meetings.

She said the core values of respect, commitment, accountability, collaboration and inclusivity were necessary for the development of the school and the child. Later, she apprised them of the awards, scholarships, achievements and gave them an insight into the activities, infrastructure and facilities available at the school.

Stressing on the importance of discipline and punctuality in a student's life, she asked parents to monitor their child's use of electronic

gadgets. She compared the bond between the student, teacher and parent to a triangle, where the student is at the apex, while the parent and teacher were at the vertices working together for the betterment of the child.

Academic director G. Sree Devi informed the parents about the CBSE results and apprised them of changes in the curriculum.

The parent and teacher representatives for each class were then elected for the academic year 2018-19 to form the PTA Executive Committee Body.

M. Varalakshmi, principal, Jubilee Hills Public School

Towards saving Nature

The festival of the environment was celebrated in a grand manner at Jubilee Hills Public School. It was held on the day of the school as the annual celebration 'Aravind' was inaugurated on the occasion.

The chief guest for the day was U.S. Ramu Teledanta, Hon. BRU, Chairman & Member, BRU, Chairman & Member, BRU, Chief Minister, T. Harinarayan Prasad, the distinguished managing committee member, B. J. Prasad, staff, students, parents and representatives from other schools gathered to witness the program.

Over 200 students from various schools of Hyderabad participated in the event. The program started with lighting of the lamp to invoke the blessings of the Almighty. Principal M. Varalakshmi welcomed the dignitaries and the delegates and apprised

the efforts of students in celebrating the event with a variety of environmental friendly activities.

Speaking on the occasion, the chief guest called upon children to help with whatever little they could do to help the planet. She asked them to donate books, not waste paper and a good memory to plant more trees.

One conducted an interactive quiz on 'Nature' which was awarded with a certificate of appreciation by the students. Awards of class VII D was declared a Green Champion by her.

Instead of holding trees, one can transplant them and save them instead! This was also the theme of the program. The program was supported by the students. Awards of class VII D was declared a Green Champion by her. The program was supported by the students. Awards of class VII D was declared a Green Champion by her.

process and steps for tree plantation.

The school authorities and staff were present for the chief guest. Students from the students of the school and other schools were also present and judged by the school staff.

Tiny tots win hearts

The campus of Jubilee Hills Public School came alive on July 7 as students of UKG & C and D took the stage by storm, performing a variety of vibrant dances on the occasion of Parents Day.

The programme titled 'Rangmanch' was graced by school chairman A. Marali Mukund, principal M. Varalakshmi, academic director G. Sree Devi and Pre-Primary and Primary head-

miss C. Sriintha. The cultural show was the highlight with the students jiggling and wiggling to 'Soy is Swilling', 'Jambore' and 'Na Kanto Nalga', followed by songs and speeches.

Mulling global issues

As many as 165 students from various city schools took part in a two-day session of Model BRICS at Jubilee Hills Public School on July 13 and 14. Model BRICS is a simulated platform to expose students to the current diplomatic scenario and

relationships between member countries. The presentation calls upon delegates from different schools representing the countries forming BRICS to discuss the problems faced by the nations and seek mutual cooperation to overcome them.

The girls, development and success of our families depend on the girls' education. This is the theme of the day. Jubilee Hills Public School celebrated the 75th anniversary of the Indian Independence Day with a grand programme on July 15. The chief guest for the day was U.S. Ramu Teledanta, Hon. BRU, Chairman & Member, BRU, Chief Minister, T. Harinarayan Prasad, the distinguished managing committee member, B. J. Prasad, staff, students, parents and representatives from other schools gathered to witness the program.

The investiture ceremony at Jubilee Hills Public School, for the academic session 2018-19 was conducted with great enthusiasm and fervour. The event was presided over by chief guest A. Y.V. Krishna, IPS, joint director, CBI, Hyderabad; chairman A. Marali Mukund, treasurer M. Sivaram Prasad, the principal, academic director, teachers, parents and students.

The investiture ceremony is held to invest the members of the student council. This ceremony officially consigns the newly vested office bearers with power to help in the day to day functioning of the school.

The programme commenced with a welcome address by principal M. Varalakshmi. She explained about the procedure of electronic voting conducted at the school and the three important V's in leadership—Vision, Values and being Victorious.

The chief guest, A. Y.V. Krishna, initiated the oath-taking ceremony and pinned the badges on the student council members. Addressing the gathering, the chief guest congratulated the new office bearers and said that it reminded him of being invested as a head boy during his school days. He further explained the role a leader plays through a symbiotic relationship from the epic Mahabharata. He reiterated

that a great leader is one who doesn't demand respect but commands it through his ethics, morals and who strives for excellence in all things he does.

He said the teachers are the first leaders in a student's life and added that a leader should set a benchmark through his traits like humility, modesty, integrity, courage and cooperation.

An interactive session was also organised where students posed various questions related to leadership and government to the chief guest. When a student of journalism asked as to who had inspired him the most, he said that his teachers and parents were his role models and his hard work, enthusiasm to learn, understanding and analysing of situations helped him reach the pinnacle of success.

Academic director G. Sree Devi congratulated the invested members and asked them to be role models so others could emulate and follow them. The cultural programs on leadership were quite invigorating. The newly elected members were motivated to take up their task with zeal and enthusiasm. The program concluded a rendition of the National Anthem.
