## Sub: Introduction of two levels of Mathematics for Class - X.

CBSE has introduced the option for the students to choose between the two levels of Mathematics i.e. Standard (Higher level) and Basic (Lower level).(Refer to Circular No: Acad-03/2019)

The students based on their proficiency in Mathematics subject can opt for their suitable level i.e. Standard or Basic as per the following criteria:

**Standard level**: This is the existing level of syllabus and examination. This level will be meant for students who wish to opt for Mathematics at Senior Secondary Level.

 $\bigstar$ Basic level: There will be no change in syllabus, classroom teaching and internal ☆  $\bigstar$ assessments for this level but the final examination paper would be of an easier  $\frac{1}{2}$ level. The Basic level would be for students who are not keen to pursue Mathematics ☆ ☆ at higher levels.

☆ **Compartmental Exam:** Students from both Standard and Basic Level, can however opt ☆ ☆ for Basic level Compartmental Exam. ☆
